PART TWO

HISTORICAL STATEMENT

Alabama College was established as the Alabama Girls Industrial School through a bill introduced in the State Senate in 1892 by Sol D. Bloch, of Camden. Steered through the House by John W. McQueen, of Birmingham, the bill was passed the following year. On January 1, 1896, the institution was located at Montevallo because of the town's location near the geographical center of the state, its healthful surroundings, and a substantial gift of cash and property by its citizens.

The School opened its doors on October 12, 1896 with Captain Henry Clay Reynolds, of Montevallo, as president, a faculty of six, and a student enrollment of one hundred forty-five. The only physical equipment was Reynolds Hall, a red brick building erected in 1851, which remains today one of the stateliest buildings on the Montevallo campus.

In 1911 the name of the institution was changed to Alabama Girls Technical Institute, and in 1919 to Alabama Technical Institute and College for Women. On September 9, 1923, the present name was adopted.

Management of the College from the beginning has been vested in a Board of Trustees composed of the Governor, who is its president, the State Superintendent of Education, and eleven members appointed by the Governor, one from each of the nine Congressional Districts and two from the State-at-Large.

During the forty-one years since its opening the College has had five presidents. The first, Captain Reynolds, had been a lieutenant in the Confederate Army, and at the time of his election was a merchant and planter. In 1899 he was succeeded by Dr. Francis Marion Peterson, Professor of Ancient Languages at Southern University, Greensboro (now Birmingham-Southern). The third president, Dr. Thomas Waverly Palmer, before coming to Montevallo in 1907 had been Dean, and Professor of Mathematics at the University of Alabama. In 1926 Dr. O. C. Carmichael, Dean of Alabama College since 1922, became the fourth president. He was succeeded in 1935 by Dr. Arthur Fort Harman, former State Superintendent of Education of Alabama.

By phenomenal growth, Alabama College has developed from its beginning as a girls' school with a curriculum covering high school subjects, special work in commercial courses, normal training, music, and domestic arts, to a standard liberal arts college granting the Bachelor of Arts, Bachelor of Science, and Bachelor of Music degrees.

Alabama College in 1925 was admitted to membership in the Southern Association of Colleges and Secondary Schools, and in 1928 to the Association of American Colleges. In 1931 it was approved by the American Association of University Women, and in the same year the School of Music was accredited by the National Association of Schools of Music. The College was placed on the approved list of the Association of American Universities and was granted membership in the American Council on Education and the Southern University Conference in 1935. It is also a member of the Association of Alabama Colleges.

The College will open on September 6, 1939, for the forty-fourth annual session.

THE LOCATION

Located in Montevallo, a picturesque village near the exact center of the state, Alabama College is accessible by railroads and improved highways. Students may come directly to the Montevallo station on the Southern Railroad line extending from Rome, Georgia, to Meridian, Mississippi; or by taxi from Calera seven miles away on the main line of the Louisville and Nashville; or to Wilton, two miles distant on the Southern line between Birmingham and Mobile.

To the east, Montevallo is connected by seven miles of paved road with Calera on the Montgomery-Birmingham Highway No. 31. Improved Highway No. 25 leads to Centerville, connecting with highways serving the western part of the state. A recently improved short route by way of Siluria brings the College within 35 miles of Birmingham, only 11 miles of which is unpaved. The all-paved route by Calera is 42 miles.

BUILDINGS AND GROUNDS

The College grounds consist of 106 acres. These include the land on which the training schools are located, which was given to the College by the Town of Montevallo. In recent years all main streets and walks have been paved. The addition of shrubbery, flowers and year-round green lawns has made of the campus one of the beauty spots of Alabama.

An out-door theatre is being constructed in the natural cup just below and to the west of Flower Hill. To the broad playing field of the upper campus, devoted to archery, baseball, hockey, soccer and other sports, is now added a still larger field in the valley below. Twelve well-conditioned tennis courts are at the disposal of students.

THOMAS WAVERLY PALMER HALL, which bears the name of the third president of the College, was opened in 1930. It contains administration offices, an auditorium seating approximately sixteen hundred, excellent stage facilities and one of the great institutional pipe organs of the South.

COMER HALL, named for Braxton Bragg Comer, governor of Alabama 1907-1911, is under construction and will be completed before the opening of the 1939-40 session. This will be a classroom building.

BLOCH HALL is named in honor of Sol D. Bloch, of Camden, Alabama, who was author of the bill establishing the College and who served continuously on the Board of Trustees from its organization until 1919. The building, which was opened in 1915, contains classrooms, departmental offices, and laboratories.

REYNOLDS HALL was erected in 1851, the lot having been donated by Edmund King. It is named for Captain H. C. Reynolds, the first president of the College. In front of this building men from the vicinity were mustered into service for the War Between the States, a regiment receiving here the flag made by the women of Montevallo. It was first the home of the Montevallo Male Institute and was converted by the Cumberland Presbyterians into a high grade school for women. It now contains classrooms, an auditorium, offices, gymnasium, supply store, and the College post office.

Construction now under way, however, including remodeling and enlarging, will convert Reynolds Hall into a modern Student Union Building by the opening of the 1939-40 session.

CALKINS HALL, completed in 1917, is named in memory of the late Charles Rendell Calkins, director of music from 1913 to 1920. It contains the office of the director of the School of Music, classrooms, studios, practice rooms, and a recital hall.

THE FIELD HOUSE, completed in 1938, is the center of activity for the Department of Health and Physical Education. The building is on the lower campus by the new playing fields. It contains a large gymnasium floor, locker rooms, lounges and faculty offices.

THE LIBRARY, which was dedicated in 1923, contains the librarian's office, cataloguing rooms, a stack room, and a reading room with seating capacity of 150. Other reading rooms are on the second floor where current newspapers and periodicals, bound volumes of magazines and newspapers, and special book collections are available. The library has 38,000 accessioned volumes. The collection is classified by the Dewey Decimal System and is catalogued by author, title and subject matter. The library receives 267 periodicals, the greater number of which are indexed in The Art Index, The Readers Guide, Education Index or The International Index.

An addition to the Library, now under construction, will provide about twice the present book capacity by the opening of the 1939-40 session.

With the exception of a few special collections, books may be drawn for two weeks by faculty, officers, and students. Volumes devoted exclusively to one department, however, may be drawn for an

entire semester by a professor for use in the work of that department. The library is open during the regular session from 8 A.M. to 9:30 P.M., from Mondays through Fridays; from 8:30 A.M. to 5 P.M. on Saturdays; from 12:30 P.M. to 1 P.M. on Sundays.

MAIN DORMITORY comprises three distinct units, connected by cross halls. The three wings are named for distinguished teachers who served the institution for many years. The east wing is known as Mary Goode Stallworth Hall; the central wing as Annie Kennedy Hall; the west wing as Elizabeth Haley Hall. The dormitory contains parlors, reception halls, dining halls and rooms for approximately four hundred twenty students.

RAMSAY HALL is named for Mrs. Janet Erskine Ramsay, the mother of Mr. Erskine Ramsay, of Birmingham, who gave \$100,000 toward the erection of the building. It was occupied first in 1925 and accommodates approximately one hundred twenty students.

HANSON HALL is named for Mrs. Weenona Hanson, the late wife of Mr. Victor Hanson, publisher of The Birmingham News-Age-Herald, who contributed substantially toward its erection in 1929. It accommodates approximately one hundred ninety students.

TUTWILER HALL, named for Julia Strudwick Tutwiler, who was the first elected president of Alabama College though she resigned before the opening day, is under construction and will be completed in time for use at the opening of the 1939-40 session. This hall will provide 102 students with a modern and unusually attractive campus residence.

COOPERATIVE HOUSES accommodate about fifty students. Following the practice of many colleges and universities, Alabama College maintains three cottage residences, Middle Street House, Vine Street House, and Oak Street House, for those students who wish to reduce their expenses by cooperative living.

PETERSON HALL, the College Infirmary, is named in honor of the second president of the College, Dr. Francis Marion Peterson.

KING HOUSE, erected in 1823, was the "Mansion House" of the first owner of the land on which the College is built. Now used for offices of the student counselor and members of the Psychology Department, King House is said to be the first brick house and the first with glass windows in this part of the state.

STORRS'S RESIDENCE has been remodeled and moved from the southeast corner of the campus to a central location, where it is used by the Home Economics Department of the training school.

SOCIOLOGY BUILDING, a frame structure located just within the East Gate, has been enlarged and improved to provide offices for members of the Sociology Department.

THE PRESIDENT'S HOUSE, of colonial architecture, was erected in 1926 on Flower Hill, the highest point on the northern end of the campus.

TRAINING SCHOOL BUILDINGS

THE JUNIOR AND SENIOR HIGH SCHOOLS were transferred in 1929 from Reynolds Hall on the College campus to a new training school building, erected through the cooperation of the County Board of Education, the State Board of Education, and the College. It contains office and classrooms, housing all high school work except that in home economics. The addition of a combination auditorium and gymnasium is under construction in 1939.

THE ELEMENTARY TRAINING SCHOOL building, constructed by the Town of Montevallo and used for a number of years as a practice school, was deeded to the College in 1928. It contains classrooms, offices, a cafeteria, and a small auditorium.

THE NEW ELEMENTARY TRAINING SCHOOL building, located between the High School and the original Elementary School building, is under construction in 1939.

OTHER FACILITIES

WAPI BROADCASTING STATION is jointly owned by Alabama Polytechnic Institute, the University of Alabama and Alabama College. By remote control from Palmer Hall, the College presents frequent radio programs, in which officers, faculty and students participate.

THE SUPPLY STORE is maintained in Reynolds Hall for the convenience of students. It is connected with the College post office, where mail is delivered twice daily.

THE POWER HOUSE supplies ample heat and light to all campus buildings. The construction of a new boiler plant in 1936 was an important addition to College facilities.

THE LAUNDRY, adjacent to the Power House, serves students, staff and departments of the College.

THE DAIRY FARM contains approximately two hundred acres, eighty-five of which are under cultivation. The herd consists of over one hundred registered and grade Jersey and Holstein cattle.

THE WATER SUPPLY of the College is declared by health authorities to be excellent. Spring water is purified by a filtration plant completed in 1936. The supply serves for fire protection as well as for the needs of all campus buildings. Within the buildings are chemical fire extinguishers and fire hose, and outside there are plugs to which fire hose may be attached. Fire hose carts, each containing five hundred feet of hose, are conveniently located so that several streams of water can be concentrated at any point. Two fire drills are held each month.

LABORATORIES

BIOLOGY

Laboratories of the Department of Biology occupy four rooms in Bloch Hall. Three of these rooms are equipped with special facilities and supplies for courses in general biology, zoology, botany, histology, and physiology, such as compound microscopes, dissecting lenses, mounted slides, microtomes, paraffin oven, field glasses for the study of birds, charts, models, skeletons, plant and animal specimens, balopticon, and moving picture machine. The fourth room has been designed especially for laboratory courses in general and pathogenic bacteriology. It contains sterilizers, incubators, autoclaves, hot air oven, Wasserman bath, steel lockers, and oil immersion microscopes. A green house for the use of the department adjoins the laboratories.

PHYSICAL SCIENCE

Laboratories of the Physical Science Department are located in the basement of Bloch Hall, occupying seven rooms in the northeast end of this building. Each laboratory is equipped with standard furniture consisting of Alberlene stone-top desks and side shelves for reagents. Hoods are supplied in the general and quantitative laboratories. A lecture room, accommodating forty-eight students, a stock room, and office space for instructors are also provided.

HOME ECONOMICS

On the third floor of Bloch Hall are two food preparation laboratories one of which is arranged on unit kitchen plan with different types of equipment in each kitchen. A kitchenette, store room, and dining room are adjacent to this laboratory. The reading room, with current periodicals relating to foods and institutional management, is on the same floor. Here, too, is the equipment laboratory with facilities for testing various household electrical equipment. Other work in household equipment, such as learning how to refinish furniture and make simple repairs, is carried on in this laboratory.

Clothing laboratories are on the second floor of Bloch Hall. Folding doors between them may be opened to provide an auditorium capable of seating 200 people. The equipment of the laboratories includes various types of sewing machines and a Scott tensile strength testing machine. Adjacent to the laboratory is a student reading room with current periodicals relating to clothing and retailing.

The Nursery School is housed in a two-story frame dwelling. It has a play room, dining room, kitchen, screen porch, bathroom, two sleeping rooms, reception hall, and a reading room for parents. The back yard is large and provides ample play space for sand pile, jungle gym, slide, swings, tree house, and garden activities.

The College has two Home Management Houses. The one in Montevallo is an eight-room cottage-type house, with room for six girls and a director. The house in Columbiana is a two-story colonial, providing residence for eight girls and a director. Both houses serve as laboratories for senior students in home management.

GOVERNMENT AND STUDENT WELFARE

GENERAL REGULATIONS

Young women attending the College are accorded every privilege consistent with their welfare and opportunities, but the College, deeply conscious of its obligations to their parents and guardians as well as to the State, makes every effort to keep constantly in the minds of students the importance of maintaining high moral and social standards.

The Student Government Association, subject to approval by the College authorities, adopts such regulations as are needed for social life on the campus, and all students are expected to cooperate with the Executive Board and Student Senate in their observance. On registration, new students are given copies of the Students' Handbook which contains these regulations.

Students are not allowed to remain in Montevallo after Commencement or after the beginning of holidays unless written requests are received by the Dean of Residence from their parents or guardians. A student wishing to visit at a local home must secure, in addition to this permission, an invitation from the head of the family at whose home she is to visit.

No student, whether rooming in a dormitory or in a private home, is allowed to have an automobile for her use during the session.

Each student is expected to keep her room in order. Students may entertain guests in the dormitories for as many as three consecutive days by registering their names at the office in Main Dormitory and arranging with the Food Supervisor for their meals.

HEALTH

Peterson Hall, the campus infirmary with thirty-six beds, is maintained exclusively for the care of students in all medical cases. It is deemed best to send surgical cases off the campus. A full-time physician and two nurses have charge of this department and live in the infirmary.

During the first weeks of each session the Medical Department in conjunction with the Health and Physical Education Department gives every student a medical and physical examination. On the result of this examination depends the class of activity which the student may elect, varying from a daily rest hour at the infirmary to the most vigorous physical exercise on the playing fields.

Members of the faculty are instructed to report to the resident physician any students who need advice concerning their health. All students unable to attend classes are required to report to the infirmary.

This insures prompt care for those who need it and safeguards other students.

RELIGIOUS LIFE

Although the College is non-sectarian, its students find on the campus and in the town of Montevallo excellent religious influences. In addition to the College Young Women's Christian Association, there are a number of organized church groups in Montevallo with which students may find congenial Christian fellowship and opportunities for training in religious leadership. Four churches—Baptist, Episcopal, Methodist, and Presbyterian—welcome students to join in their religious life. Catholic students hold a service every Sunday morning, and once a month are visited by a Priest who holds Mass in a local home. Students of the College are encouraged to attend regularly the church of their choice.

CONCERTS, LECTURES, AND PLAYS

Each year distinguished speakers, lecturers, and artists appear before the students and faculty in Palmer Auditorium. Many of these programs are presentations of the Concert and Lecture Course; others are arranged for the weekly convocations, and for special occasions of the College and of Montevallo civic organizations. These attractions are in addition to the plays, concerts, and lectures by theatre groups, music and dance groups, and individuals within the College. Among the visiting individuals and groups appearing at Alabama College during the 1937-1938 and 1938-1939 sessions were:

Rose Bampton: *Concert.*

The Rev. Charles R. Bell: *Sermon Series.*

Carl Sandburg: *Lecture and Readings.*

ORGANIZATIONS

ALUMNAE ASSOCIATION OF ALABAMA COLLEGE

The Alumnae Association of Alabama College, organized in 1902, promotes the welfare of the College and the alumnae by increasing the interest of members in the College and in each other.

Membership is open to any former student of the College on payment of the annual fee of \$1.50 which covers membership dues and subscription to THE ALABAMIAN, the College newspaper.

The work of the Association is conducted through the Executive Board, composed of four officers and the standing committees, and the Faculty-Alumnae Committee which serves in an advisory capacity to the Alumnae Secretary.

The officers for the sessions 1937-1938 and 1938-1939 are: President, Mrs. S. R. Gibbons, '30, 416 Broadway, Birmingham; Vice-president, Mrs. Ralph Quinn, '17, 2109 15th Ave., S., Birmingham; Secretary, Miss Frances Ribble, '36, Montevallo; Treasurer, Miss Ethel Harris, '30, Montevallo.

NATIONAL HONORARY SOCIETIES

DELTA PHI ALPHA

Mu chapter of Delta Phi Alpha, national honorary fraternity which recognizes excellence in German, was established at the College in 1931.

Its purposes are to promote high scholarship; to stimulate the study of the German language, literature, and civilization; to improve understanding of the German-speaking people; to foster an appreciation of German culture.

KAPPA DELTA PI

Beta Lambda Chapter of Kappa Delta Pi, national honorary education society, was installed at the College in 1929. In fostering fellowship, scholarship, and achievement in educational work, it seeks to encourage among its members a higher degree of social service.

KAPPA MU EPSILON

Alabama Gamma Chapter of Kappa Mu Epsilon, national honorary mathematics fraternity, was installed at Alabama College in April, 1937. Its purpose is to recognize and foster scholarship in mathematics, and to bring together groups of students in this and other colleges who are interested in the subject.

KAPPA PI

Kappa Pi is a national honorary fraternity in art. Its purpose is to develop an appreciation and understanding of art for everyone and to support the work of the creative artist.

Students eligible are juniors and seniors who have maintained an average of B in art and maintained a scholastic average of at least C outside of art.

NATIONAL COLLEGIATE PLAYERS

The thirtieth chapter of National Collegiate Players, honorary dramatic fraternity, was installed at the College in 1936. Its purpose is the affiliation of college groups for improvement by individual, group, or national effort in any phase of dramatic technique or dramatic literature.

OMICRON NU

Alpha Gamma Chapter of Omicron Nu, national honorary home economics fraternity, was installed at the college in 1931. It recognizes scholarship, leadership, and research in this field.

PI DELTA PHI

Lambda Chapter of Pi Delta Phi, national honorary French fraternity, was installed at the College in 1936. It seeks to stimulate scholarship in French. Its membership is open only to students who have completed a minimum of eight semester hours in advanced French courses, and who have maintained averages of B in general scholarship and in this subject.

PI KAPPA DELTA

Alabama Beta Chapter of Pi Kappa Delta, national honorary forensic society, was installed at the College in 1934. Its purpose is to promote intercollegiate debate, oratory, and public speaking.

ZETA PHI ETA

Rho Chapter of Zeta Phi Eta, national honorary professional speech arts fraternity, was installed at the College in 1934. It seeks to build professional philosophy and to stimulate worthy speech and dramatic enterprises.

OTHER STUDENT ORGANIZATIONS

ALABAMA PLAYERS

Alabama Players, an honorary dramatic organization, selects its members on the basis of activity in dramatic productions.

The three steps to membership are designated as circles. The first circle requires eight points to be made in two fields of activity relative to dramatic production. The second circle may be acquired through achievement of fourteen points in three fields of activity. The highest circle, or full membership, may be secured by achievement of twenty points in four fields of activity.

ART CLUB

The Art Club is composed of students with a major in art, and a group of associate members particularly interested in this field.

ASSOCIATION FOR CHILDHOOD EDUCATION

The purposes of the Association for Childhood Education are to gather and disseminate knowledge of the movement for the education of children; to bring into active cooperation all childhood education, including parent education; to promote the progressive type of education in nursery school, kindergarten, primary and elementary grades; to raise the standard of the professional training for teachers and leaders in this field.

ATHLETIC ASSOCIATION

The Athletic Association of Alabama College is closely identified with the Department of Health and Physical Education. The Association offers an opportunity for each student to participate in the following intramural tournaments in the order listed: volleyball, soccer or hockey, basketball, baseball, tennis, swimming and archery. A year-round recreation program consisting of seasonal individual and team sports, dances and parties is sponsored by the organization. Its purposes are to promote the health, recreation and friendship of students; to create a joyous interest in play and to stimulate the highest type of college spirit.

The College Camp, available for use of all students and faculty members, was planned by the Association, and its executive board has responsibility for the maintenance of the Camp House.

BIOLOGY CLUB

The Biology Club is open to all students in this field and to other students especially interested in this subject. Its purpose is to open new vistas into the world of nature and to give a deeper appreciation of the great scientists.

CALKINS MUSIC STUDY CLUB

The Calkins Music Study Club is designed to promote the social enjoyment of its members and to aid in the stimulation of general music appreciation on the campus. An associate group is open by invitation to any student.

COLLEGE THEATRE

The College Theatre, established in 1929, seeks to provide a theatre for the College and the community, a means of self-expression for the

students, and training for students in various phases of dramatic art.

It is the policy of the Theatre to produce the great dramatic classics; and to encourage by a playwriting contest, and production, the creative work of Southern writers.

Among the more important plays that the Theatre has produced are the following: *Beggar on Horseback*, *Antigone*, *The Importance of Being Earnest*, *The Assumption of Hannele*, *Much Ado About Nothing*, *The Imaginary Invalid*, *Bonds of Interest*, *The Chalk Circle*, *The Knight of the Burning Pestle*, *The Women Have Their Way*, *Iphigenia in Tauris*, *Snow White and the Seven Dwarfs*, *Is Life Worth Living?* *Such Is Life*, *The Path of Glory (du Garde Peach)*, *The Faithful*, *Hobson's Choice*, *The Fan*, *Dear Brutus*, *High Tor*.

In addition, the Theatre has produced, or been instrumental in having produced, twenty-one plays by Southern authors.

DIETETICS CLUB

The Dietetics Club, organized in March, 1937, is open to any student interested in Dietetics. The programs of the club are conducted in the form of seminars.

FRENCH CLUB

Le Cercle Francais was organized in 1928. Its purpose is to broaden appreciation of French culture. The programs are conducted in French, and membership is open to all students interested in the language. The Club is affiliated as a Cercle Universitaire with the Federation de L'alliance Francaise aux Etats-Unis et au Canada.

GLEE CLUB

The Glee Club stimulates interest in ensemble singing and offers opportunity for study of choral music of all periods and schools. Membership in the Glee Club proper is based primarily on the record of faithfulness to the work of the Associate Club, which is open to all students without examination. Concerts are given locally and on tours each year.

HOME ECONOMICS CLUB

The Home Economics Club, organized in 1930, seeks to stimulate interest in home economics, and to develop professional and social spirit among members. It is affiliated with the State and National Home Economics Association and follows the programs suggested by them.

INTERNATIONAL RELATIONS CLUB

The International Relations Club is open to all students interested in discussion of international affairs. It is organized under the auspices of the Carnegie Endowment for International Peace, from which new books and a number of pamphlets are received each year.

MUSIC COUNCIL

The object of the Music Council is to promote cooperation among campus musical organizations and the cause of good music on the campus.

ORCHESTRA

The Orchestra, composed of students in the School of Music, makes public appearances and devotes attention to the study of symphonic music. Eligibility is based on examination.

PHYSICAL EDUCATION CLUB

The Physical Education Club is composed of students with a major in this field. In its efforts to stimulate interest and develop professional and social spirit among its members, the Club cooperates with the Physical Education Department.

PRESIDENTS' COUNCIL

The Presidents' Council is composed of presidents of all student organizations. Its purposes are to stimulate interest in extra-curricular activities, to consider the formation of any new campus organizations, and to conduct business which concerns all student groups.

PUBLICATIONS BOARD

The Publications Board, in control of student publications, is composed of three representatives from the senior class; two from the junior class; one from the sophomore class.

SCRIBBLERS CLUB

The Scribblers Club was organized and federated in 1924. Its object is to foster the literary talent of students through study and companionship. Three branches are organized within the upper classes.

SECRETARIAL CLUB

The Secretarial Club was organized in 1924 to promote business efficiency and interest in secretarial work. Membership is open to all students in this department.

SOCIAL SERVICE CLUB

The purposes of the Social Service Club are to provide opportunities for social contacts among those with a major in this field, and through special programs to vitalize the professional training of members.

SPEECH CHORUS

Membership in the Speech Chorus is gained through tryouts based first on speaking voice quality and possibilities, and second, on interpretative ability derived from a background of experience in literature. Programs are given locally and on tour.

SPEECH CONTEST BOARD

The purpose of the Speech Contest Board, organized in 1937, is to control and promote all intramural and intercollegiate speech activities of the College.

STUDENT GOVERNMENT ASSOCIATION

Students become members of the Student Government Association when they pass examination on the student handbook. The management of the Association is vested in an executive board, which has legislative, judicial and executive functions, though the legislative duties are largely delegated to the Student Senate. All matters within the authority of the Association are considered by the executive board.

STUDENT SENATE

The Student Senate was organized in 1925 by the Executive Board. A scholarship average of B is required for membership. It is composed of twenty seniors, fifteen juniors, twelve sophomores, and ten freshmen. Its object is to foster the highest type of college spirit, standards, and traditions.

YOUNG WOMEN'S CHRISTIAN ASSOCIATION

The Young Women's Christian Association, through its social life, religious meetings, and relationships, seeks to promote right living in the

College community and to train for Christian work. It endeavors to create a spirit of friendliness and fellowship throughout the student body.

The Association is a member of the South Central Field and is affiliated with the National Board of Y.W.C.A. and the World Student Christian Federation. It is visited by field secretaries, and sends delegates to the Southern Regional Conference at Blue Ridge, N. C.

"Morning Watch," a short prayer service, is held every morning after breakfast in each dormitory; vesper services are held every Sunday afternoon; and step-singing in alternate weeks, under its auspices.

Interesting features sponsored by the Y.W.C.A. are: the College Tea Room; a scholarship which represents seventy-five per cent of the tea room profit each semester; the Sis-Major, Sis-Minor Organization, which enlists many former students in welcoming new students.

PUBLICATIONS

STUDENT PUBLICATIONS

THE ALABAMIAN, the College newspaper, was first published in 1923 and is issued bi-monthly during the regular session. Copies are delivered to all students and sent to their homes, the cost covered by the student activities fee. The subscription rate for others is \$1 per year.

THE TECHNALA, yearbook of the College, was first published in 1907. Each student receives a copy, the cost of which is covered by the special fee of \$2.50 payable at the opening of the session. This fee was added to the charges by request of the student body in the 1935-1936 session.

THE TOWER, literary magazine of the College, encourages creative writing on the campus and publishes the outstanding literary work of students. Each student receives a copy, the cost of which is covered by the student activities fee.

COLLEGE PUBLICATIONS

THE BULLETIN: The College issues quarterly the *Bulletin*, a publication containing matter of general and specific interest to the citizens of the State, prospective students, and the College as a whole.

THE NEWS LETTER: The monthly *News Letter* carries announcements of specific services of the College, and information of general educational interest.

THE WEEKLY BULLETIN: This weekly publication serves as a calendar of campus activities, and is circulated among students and faculty only.

SCHOLARSHIPS AND EMPLOYMENT

The College does not deny admission to any worthy and qualified young woman, but there are many, ambitious and deserving, who cannot attend because of insufficient funds. While assistance is now provided through gift and loan scholarships and through employment, in recent years the applications have greatly exceeded the opportunities for rendering such student aid and there is now particular need for additional grants.

The attention of public-spirited citizens who may be interested in contributing to the higher education of these young women of the State is directed to this situation with the invitation to communicate with the College officials for any further details which they may desire.

Founders of scholarships are given the full cooperation of the College in management of funds and in selection of the recipients.

APPLICATIONS FOR AID

Applicants for aid should request of the President a copy of the official application blank which has space for a statement as to scholastic record, extent of need, and type of assistance preferred. This information, and the date of application, are among the factors considered by the College Committee in assigning the available student aid.

EMPLOYMENT OF STUDENTS

Employment on the campus is provided annually for approximately 110 students, who pay part of their college expenses in this way. Additional employment has been granted through Federal funds during the past four years.

TEACHING SCHOLARSHIPS

The School of Education of the College grants four teaching scholarships, founded in 1924, which cover college expenses. Applicants must have completed the equivalent of a two-year normal course. Preference is shown applicants with teaching experience. Holders of these scholarships have one-half teaching schedules and pursue college courses not exceeding twelve hours' credit a semester, the combined training being designed to qualify for the supervisory field. Applications should be made to the Director of Teacher Training at the College.

GIFT SCHOLARSHIPS

LIZZIE CRENSHAW MEMORIAL SCHOLARSHIP.

Mrs. J. H. Crenshaw, of Montgomery, former president of the Alabama Division of the United Daughters of the Confederacy, presented the College \$1,250 for the establishment of the Lizzie Crenshaw Memorial Scholarship. The interest therefrom is awarded annually on the same conditions as the United Daughters of the Confederacy scholarships.

LUCY HARPER HALL SCHOLARSHIP.

In 1927 the late Mrs. J. B. Hall, of Chicago, established two annual scholarships through donation of \$2,500, the income from which is devoted to this purpose.

M. V. JOSEPH SCHOLARSHIP.

This scholarship was founded in 1935 through the gift of \$2,500 to the College by Mrs. Rosalie J. Leventritt, of Chicago, in memory of her father, the late M. V. Joseph, a former member of the Board of Trustees. The interest on this sum is available throughout the College course for appointees who maintain satisfactory scholastic standing. Only graduates of Birmingham high schools are eligible and should apply to the College. Appointments are made on the recommendation of the Superintendent of Birmingham Schools.

UNITED DAUGHTERS OF CONFEDERACY SCHOLARSHIPS.

The Alabama Division of the United Daughters of the Confederacy established at the College, through a fund of \$2,500, two scholarships known as the Virginia Clopton and the Sallie Jones scholarships. The income from this fund is available annually.

Applicants must be residents of Alabama and descendants of Confederate soldiers. Endorsement by the Alabama Division of United Daughters of the Confederacy scholarship committee and enrollment in a technical course are also required. Application should be made to Mrs. L. M. Bashinsky, Troy, Alabama.

LOAN SCHOLARSHIPS

ALTA PATTERSON MEMORIAL SCHOLARSHIP.

This scholarship was established during the 1928-1929 session by the faculty, and the friends and family of Miss Alta Patterson, who was a member of the home economics faculty until her death in 1928. The scholarship, available to the amount of \$250 a year, is open to seniors, juniors and sophomores, and preference in that order is given their applications.

AMERICAN ASSOCIATION OF UNIVERSITY WOMEN SCHOLARSHIP.

The Montevallo Branch of the American Association of University Women has a fund of \$125 for scholarship purposes. It is open to students who have better scholastic averages than C and who are not in chronically poor health. Interest of three per cent is paid on the loans, beginning two years after graduation or withdrawal of the appointees. Applications are received by the President of the College and are passed upon by the Executive Board of the Association.

CARRIE McCLURE KNOX MEMORIAL SCHOLARSHIP.

This scholarship of \$50, open to students from Anniston, Alabama and vicinity, was established in 1935 by the Wednesday Study Club of that city as a tribute to its founder, the late Mrs. John B. Knox.

CHARLES RENDELL CALKINS SCHOLARSHIP.

The senior class of 1922 established this scholarship of \$150 in memory of the late Charles Rendell Calkins, who was for seven years director of music at the College. It is open to seniors in the School of Music.

COLLEGE NIGHT LOAN SCHOLARSHIP.

This scholarship was established by the Student Government Association in 1935 from the proceeds of College Night, an annual campus feature in which the entire student body participates. It was the expressed wish of the Association that the receipts from the program each year be added to the fund until it totals \$10,000. The plan has been continued each year since the founding of the scholarship, which is open to juniors and seniors who have shown exemplary citizenship and which is available in amounts not exceeding \$100 a year.

DAVID LINDSAY CHAPTER OF THE DAUGHTERS OF AMERICAN REVOLUTION SCHOLARSHIP.

The David Lindsay Chapter, the local branch of the Daughters of American Revolution, has established a scholarship of \$50, which is open to seniors and juniors who have scholastic averages above C and good records in health and citizenship. Interest of three per cent is paid on the loans beginning one year after graduation or withdrawal of the appointees. Applications are made to the President of the College and are passed upon by the scholarship committee of the chapter.

FEDERATION OF WOMEN'S CLUBS SCHOLARSHIPS.

The Alabama Federation of Women's Clubs, at its third annual meeting in 1897 at Anniston, Alabama began its active work for the College. At the suggestion of Mrs. James L. McConaughy, of the Montevallo Studios, the Federation through some of the individual clubs es-

tablished the Studiosis Loan Collection of books as a nucleus for the institution's library and also contributed to a scholarship fund.

In 1898 the Federation established the Kate Morizette Scholarship, and in 1909 the Conra McConaughy Scholarship. In 1911 the Federation received a gift of \$100 from Miss Francilla Romah Haley, of Jasper, to establish the Elizabeth Haley Moore Scholarship. In 1916 she increased this fund to \$225. Other scholarships have been established as memorials to Kate Hagan, Mary Hill Randle, Marie Pearce, Minnie Holman Phillips and Bessie Baker.

All of these scholarships are not granted annually but the Federation has offered scholarships totaling several hundred dollars each year.

These scholarships constitute a revolving fund for educational purposes only and cannot be used for personal expenses. Interest at the rate of four per cent is charged, beginning one year after the graduation or withdrawal of the beneficiaries. A note for the sum borrowed is required in duplicate, one copy for the College and the other for the Federation.

Applications should each be endorsed by two prominent local citizens and the superintendent of the school last attended. Applicants must be Alabama residents of high character and creditable scholarship. They must be qualified for the junior or senior college class.

In addition to the Federation Scholarships, which have a maximum value of \$200 each, Alabama club women maintain several other scholarships which are not subject to the above regulations since they are given by club districts, counties, or individual clubs. Among these are the Fourth District Scholarship and the Jennie Mina Darling O'Neal Scholarship.

LETTIE DAFFIN PERDUE SCHOLARSHIP.

This scholarship, providing \$50 annually for four years for an appointee, was established in 1934 by the Woman's Auxiliary of the Alabama State Medical Association in memory of the late Mrs. James Devote Perdue, of Mobile, who as Lettie Daffin graduated with honors at the College. She was at one time associate librarian at the College and in 1932 was elected president of the Woman's Auxiliary to the State Medical Association.

As a tribute to Mrs. Perdue's unselfish service, the President of the College is authorized to award this scholarship to students of the State and preferably to daughters of physicians.

LINLY HEFLIN UNIT SCHOLARSHIPS.

Since 1926 the Linly Heflin Unit of Birmingham has provided several all-expense scholarships at the College.

MARY ALICE MIZELL SCHOLARSHIP.

This scholarship of \$100, open to seniors, was established in 1924 by the late Mary Alice Boyd, of the Department of Education at the College. In 1925 she increased the fund to \$150.

MARY GOODE STALLWORTH ALUMNAE SCHOLARSHIP.

The State Alumnae Association founded this scholarship through a fund of \$2,500 with which it assists members of the senior class. It is named in memory of Miss Mary Goode Stallworth, a member of the faculty in the early history of the institution.

MUSIC COUNCIL SCHOLARSHIP.

In 1932 the Music Council at the College established this scholarship, for students with a major in music, through a fund of \$150.

MYRTLE BROOKE SCHOLARSHIP.

Through a revolving fund of \$250 the first group of students in social work at the College established this scholarship in that field of study. It is an expression of appreciation of the contribution to the development of scientific social work in Alabama by Miss Myrtle Brooke through her service in establishing social work at the College. The scholarship thus pays tribute to the pioneer spirit of a teacher who is loved and admired, and commemorates the first training course for social workers in the State.

OPPORTUNITY SCHOLARSHIP FUND.

Mrs. Maud Preuit Fennel, of Leighton, through Mr. C. M. Mauldin as trustee of the fund, granted \$1,000 for the establishment of the Opportunity Scholarship Fund for the assistance of juniors and seniors. The maximum for any holder is \$200 a year. More than forty students have been helped through this fund.

SPECIAL SCHOLARSHIP.

The Sunday School Class of Mrs. T. H. Napier in Montevallo over a period of five years raised the funds to establish this scholarship of \$100, offered first in the 1930-1931 session and open to seniors.

YOUNG WOMEN'S CHRISTIAN ASSOCIATION SCHOLARSHIP.

The Young Women's Christian Association operates a tea room at the College, providing employment for three students each session, and uses three-fourths of the profits of the tea room for increasing its scholarship fund. Small amounts may be borrowed from this fund by students, and repaid after their graduation or withdrawal.

January 22—Room, board, laundry, tuition, building and other general fees.....	153.50
*Total for Session.....	\$309.50

In addition to the above charges payable by all boarding students, the laboratory fees, music fees, and speech fees are payable at the opening of the semester when each student must purchase books, a regulation gymnasium suit and other necessary supplies.

The rates above are for students who reside in Alabama and who attend for the entire semester. Special arrangements must be made with the President for any variation in this procedure of payment.

No reduction in room, board and laundry will be made for a student who enters the College within three weeks after the beginning of the semester. Students may enter after the expiration of three weeks of the semester only by special permission of the President, and will be charged all fees for the semester and \$1 per day for room, board and laundry from entrance date to the close of the semester.

* Students entering in January will be charged \$2.50 additional to cover cost of the Student Annual, *The Technala*. See note under "Student Activities Fee."

OUT-OF-STATE STUDENTS

Students from other states are charged an additional fee of \$24 each per session, payable in installments of \$12 at the beginning of each semester.

LOCAL STUDENTS

Students residing in private homes do not pay medical fees or for room, board and laundry, but pay tuition and other fees at the beginning of the semester.

REFUND

A student who withdraws before completion of a semester is charged \$1 per day for room, board and laundry from the opening of the semester until notice of her withdrawal is received by the President. This sum is deducted from the total payment for room, board and laundry, and the remainder is refunded. But no refund will be made to the student who has been in residence 99 days or longer. No fee is refunded except that for room reservation when requested before August 15, and no refund is made for leave of absence.

REQUIREMENTS FOR ADMISSION

1. **ADMISSION BY CERTIFICATE FROM AN ACCREDITED SCHOOL.** An applicant for admission to the freshman class must present a certificate of graduation from a standard accredited high school, or a certificate showing credit for fifteen acceptable units earned during a period of four years of attendance in high school, or high school and summer school combined; or a certificate showing twelve units from an accredited senior high school.

If the certificate for fifteen units shows credit for only three years of attendance, the applicant must take entrance examinations on three units of work in fourth year high school subjects. If the certificate shows credit for three and one-half years of attendance, she must take an entrance examination on one unit's work in a fourth year high school subject.

2. **ADMISSION BY CERTIFICATE AND EXAMINATION.** An applicant from a non-accredited high school who presents a certificate covering the work required for admission may be exempt from a part of the entrance examination provided the general character of the school attended, in the judgment of the admission committee, justifies such exemption. In such cases examinations are required in one unit of rhetoric and composition, one unit of English classics, one unit of history of literature, one unit of algebra, one unit of geometry, and one unit of history.

3. **ADMISSION BY EXAMINATION.** An applicant who does not present a satisfactory certificate is required to pass examination on fifteen units of high school work, including the prescribed subjects. This plan has been arranged for the benefit of mature students who have advanced credit and who wish to meet entrance requirements and become eligible for degrees.

Examinations for admission for the 1939-1940 session will begin on September 6 at 2 P.M. Application for these examinations must be made to the Dean ten days before the opening of the session and the examinations must be completed before registration of the student.

SPECIAL STUDENTS. Applicants twenty years of age or over who desire to pursue special courses may be admitted without formal examination, but must give evidence of adequate preparation to the instruction committee and to the heads of departments in which courses are sought.

Special students cannot become candidates for degrees or certificates until all requirements for entrance have been met, and in no case will such special courses lead to certificates or degrees.

In order for a special student to room in a dormitory she must take at least fourteen hours of work, six or more of which must be in academic subjects, and must conform to all regulations governing other students.

ADVANCED STANDING. A student may be admitted to advanced standing by presenting credits from an approved institution of college or university rank.

PRESCRIBED SUBJECTS. Of the fifteen units of high school work required, the following are prescribed: English—three units; *mathematics—two units; history—one unit.

The remaining units may be selected from the other subjects acceptable for admission provided not more than four units are offered in vocational subjects.

Maximum values in units for subjects are as follows:

English	4	Chemistry	1
Modern Languages.....	2	Home Economics.....	4
Latin	4	Physical Education.....	1/2
Plane Geometry.....	1	Music	2
Solid Geometry.....	1/2	Art	1
Trigonometry	1/2	Commercial Subjects	
History and Civics.....	4	Business Arithmetic.....	1
Economics	1	Business English.....	1
Sociology	1	Commercial Geography.....	1
General Science.....	1	Shorthand	1
Biology	1	Bookkeeping	1
Physics	1	Typewriting	1

*A graduate of a standard high school may be admitted without plane geometry but must secure credit in this subject before beginning college mathematics.

REGISTRATION

GENERAL INFORMATION

Freshmen will begin registering at 8 A.M. Wednesday, September 6.

Upper-classmen will begin registering at 1:30 P.M. Thursday, September 7.

Students must complete their enrollment at the Bursar's office by noon September 11 for the first semester, and by January 25 for the second semester, or pay the late registration fee of \$2.

FRESHMAN ORIENTATION

In order to assist freshmen in adjusting to the college environment, an orientation program is arranged. On registration day, September 6, members of the freshman class will be given a program to be followed in having their schedules arranged. The plan will include library lectures, special lectures by members of the administration, physical and medical examinations and general ability and diagnostic tests. The Student Government Association will give instruction in student regulations and student tradition, and various campus groups will arrange social gatherings to give opportunity for freshmen to get acquainted.

ADMISSION AND ROOM RESERVATION

Those desiring to enter the College for the following session should fill out the Application for Admission on the last page and mail it to the President's Office. The Registrar of the College then will send the applicant a certificate of recommendation to be filled out by her high school principal. He will be expected to return this certificate directly to the Registrar of Alabama College.

With the application the sum of \$2.50 should be enclosed for the reservation of a room. Upon registration, this amount will be credited to the student's account. Should the applicant be unable to attend, the \$2.50 will be refunded only if the College is notified before August 15. For the reservation to be held the student must report at the opening of the session or send by telegram or letter a satisfactory reason for reporting late.

After reserving a room an applicant who is unable to attend is not permitted to transfer her reservation to another. Rooms are assigned in order of application and usually with one or two roommates, the College authorities reserving the right to change rooms or roommates at any time. New students accepted for admission will be instructed by the Dean of Residence as to room supplies which they should bring.

ACADEMIC REGULATIONS

SEMESTER SYSTEM

The semester system, based on the division of the academic year into two semesters of eighteen weeks each and a summer school of eleven weeks, is used. A student may enter at the beginning of any semester, and resident study during any two semesters or three summer schools is the equivalent of one academic year.

UNIT OF CREDIT

The unit of credit is the semester-hour, each representing one hour of recitation with two hours of preparation a week for a period of eighteen weeks. As a rule two hours of laboratory work count as one hour of class.

SCHEDULE OF WORK

The regular amount of work for a student is sixteen hours a semester in addition to physical education. No student will be allowed to take more than eighteen hours of work unless she has an average of B for the previous semester, the consent of the College Physician, the head of the department in which she has a major, and the Dean.

CONDITION EXAMINATIONS

Condition examinations for the first semester will be given October 21, 1939. Applications for these examinations must be in the office of the Dean before October 7, 1939. Condition examinations for the second semester will be given March 9, 1940. Applications for these examinations must be in the office of the Dean before February 24, 1940.

RECORDS AND GRADES

Final grades for each semester are recorded and preserved. Reports are submitted in duplicate, to students and to their parents or guardians at mid-semester and at the close of the semester. These grades represent the teachers' estimate of recitation, laboratory work, written work and final examinations. The grades are indicated as follows: A—Excellent; B—Good; C—Average; D—Passing; E—Conditional; F—Failure; I—Incomplete.

The passing grade regularly is D, but juniors and seniors electing freshman and sophomore subjects must make C.

A course on which a grade of F is received must be repeated in class. In order to receive credit for a course in which a grade of E or I is received, the E must be removed by taking the condition examination and the I

by completing the work during the next semester the student is in attendance.

Students who are absent more than one-sixth of the total number of classes during the semester are not allowed to take final examinations, except by special permission of the Dean, but are required to repeat the work.

TRANSCRIPTS OF RECORDS

Graduates and other former students who have met their financial obligations to the College may secure transcripts of their records from the Registrar. Each will be furnished one complete transcript free, a charge of \$1 being made for additional copies.

COURSE NUMBERS

The system of course numbers is as follows:

When the numbers of a course are separated by a hyphen, the work of both semesters must be completed before credit will be granted for the course. When the numbers are separated by a comma, credit will be granted for each semester's work.

Freshman courses extending through both semesters are numbered 101-2, 111-2, 121-2, 131-2, and 141-2. One-semester courses are numbered 151, 152; 161, 162; 171, 172; 181, 182; and 191, 192. One-semester courses repeated during the year are numbered 100, 110, 120, 130, 140, 150, 160, 170, 180, and 190.

Sophomore, junior and senior courses extending through the year are numbered 201 to 242, 301 to 342, and 401 to 442, respectively. One-semester courses are numbered 251 to 292, 351 to 392, and 451 to 492, respectively. Those courses repeated during the year are numbered in multiples of ten as follows: sophomore courses from 200 to 290; junior courses from 300 to 390; senior courses from 400 to 490.

The first number represents the class and the last number the semester, with the exception that courses numbered in multiples of ten may be offered either the first or second semester.

The decimal point indicates that credit in Education is given for courses in other departments. The number after the decimal point designates the accredited department as follows:

- | | |
|---------------------|-------------------------|
| .1 Art | .6 Music |
| .2 English | .7 Physical Education |
| .3 Foreign Language | .8 Science |
| .4 History | .9 Speech |
| .5 Mathematics | .10 Secretarial Science |

SCHOLARSHIP REQUIREMENTS

Credits and grade points are earned and recorded on the following basis:

A—Excellent.....	3 grade points per hour
B—Good.....	2 grade points per hour
C—Average.....	1 grade point per hour
D—Passing.....	0 grade points
E—Conditional.....	0 grade points
F—Failure.....	0 grade points
I—Incomplete.....	0 grade points

Grade points for credits transferred from other institutions are granted on the basis of the first semester's work at Alabama College.

HONORS

A student who completes the work for a degree with as many as 2.5 grade points for each hour is graduated with highest honors and this is cited with the degree.

A student who completes the work for a degree with as many as 2.0 grade points for each hour is graduated with honors and this is cited with the degree.

PROBATION AND DISMISSAL

A student whose general average is below D at the end of the first semester may be required to withdraw or may be placed on probation.

If a student has taken thirty-four semester hours of work, regardless of whether she has passed it, and her record is twenty-five below the standard number of grade points, or one grade point for each hour, she is subject to enforced withdrawal at the end of the second or any subsequent semester.

In line with its policy to enroll students who seek diligently to maintain high standards of scholarship and conduct, the College reserves the right to request the withdrawal of any student whose general work, conduct and attitude show that she is not conforming to the standards and ideals of the institution. In such cases formal and specific charges are not necessary.

ELIGIBILITY TO REPRESENT COLLEGE

A student must have passed all of her courses during the semester immediately preceding and must have a satisfactory conduct record in order to be eligible to represent any organization of the College in public performance off the campus.

CLASSIFICATION

Fifteen units of high school credit must be presented by an applicant in order to qualify for the freshman class.

Twenty-seven semester hours of college credit and twenty-seven grade points are required for rank as a sophomore.

Sixty semester hours of college credit and sixty grade points are required for rank as a junior.

Ninety-four semester hours of college credit and ninety-four grade points are required for rank as a senior.

A student entering with one of the above rankings may be promoted to a higher ranking at the end of any semester provided she has the total number of hours and grade points required for the completion of the year from which she is to be promoted.

ABSENCES

Permission to be absent from the College will be granted only on written request from parents or guardians. Absences are not recognized as relieving the students of responsibility for work missed, but in cases of enforced absence, such as on account of personal illness, the privilege of making up the work missed is granted. Students who are absent voluntarily receive deductions in class grades by their instructors.

CHANGES IN COURSES

All changes in course of study must be approved by the Dean and are not allowed after the third week from the beginning of a semester. Exceptions may be made on recommendation of the College Physician or the head of the department in which the student is majoring. Any student who attends a class which is not listed on the Registrar's card and without the permission of the Dean will receive no credit for such work.

REQUIREMENTS FOR GRADUATION

(For requirements for specific degrees see page 54)

1. An applicant for a degree must have credit for 128 semester hours of work in keeping with the requirements of the curriculum she is pursuing, plus eight semester hours of physical education and 136 grade points.

2. Students completing the two-year course in secretarial science must present 64 semester hours, plus four semester hours in physical education and 68 grade points.

3. Under special conditions a student may be excused from physical education, but only on the recommendation of the College Physician and with the approval of the Dean. In such cases students will substitute credits earned in other courses to meet the deficiency in physical education.

4. Two years of English are required in all curricula.

5. A candidate for the Bachelor of Arts degree must make an average of C in her major and minor departments, and a candidate for the Bachelor of Science or the Bachelor of Music degree must make an average of C in her major department and in any other department in which a formal minor is required.

6. A student who fails to earn the requisite number of grade points by the time she completes the courses specified for the degree may take sufficient additional work to earn the required number of grade points, but such courses must be approved by the Dean.

7. In the case of a student who has transferred credits from another institution, the average of her work during the first semester at Alabama College is taken as the average of the work transferred, and this average plus the average earned at Alabama College is the basis on which grade points are counted and honors awarded.

8. The responsibility for meeting the requirements for a degree rests on the student.

9. A formal application for a degree must be filed in the Registrar's office before the beginning of the last semester and preferably one year in advance of the date on which the degree is to be conferred.

10. The major and the minor should be chosen by the end of the sophomore year.

11. Conditions and incompletes must be removed at or before the regularly scheduled condition examinations during the first semester the student is in attendance after the condition or incomplete has been made.

12. The work of both semesters of a course in which a hyphen separates the course numbers must be completed before credit will be granted for that course.

13. Each student is required to take before graduation a general ability test such as that administered to all entering freshmen.

DRAMATIC ART

A minor in dramatic art is permitted in the Liberal Arts Curriculum. Students who wish a minor in this field or who wish electives that will give training in dramatic art should consider the following departments and the courses indicated when making selections: Art 111, 112, 201, 202, 251, 252, 312; English 310, 361, 362, 451 and 452; French 382 and 381; History 101 and 102; Home Economics 361; Classics 450; Physical Education, dancing; Speech 200, 211, 212, 220, 311, 350, 411, 412 and 470.

REQUIREMENTS FOR BACHELOR OF ARTS, BACHELOR OF SCIENCE, AND BACHELOR OF MUSIC DEGREES

I. GENERAL REQUIREMENTS.

1. Completion of 128 hours, plus eight hours of physical education, with 136 grade points.
2. On transferring from another institution at least one regular session of nine months must be spent in residence and credit must be secured for at least thirty hours in advanced courses approved by the Dean and the head of the major department.
3. Completion of the last six hours of the major and minor subjects at the College.
4. Meeting the requirements for major and minor subjects as follows:
 - (a) A major in an academic subject consists of from twenty-four to thirty hours, and in technical subjects of from thirty to forty hours.
 - (b) A formal minor is composed of a minimum of eighteen hours.
 - (c) Courses for the major and the formal minor must be selected with the advice of the professor in the major subject and with the approval of the Dean.
 - (d) In order to secure teachers' certificates on graduation, major and minor subjects approved by the State Department of

Education for certification must be selected. In the curricula requiring only one year of science, biology is recommended.

II. SPECIAL REQUIREMENTS FOR BACHELOR OF ARTS DEGREE.

1. The major and minor subjects must be chosen from the Divisions of Language and Literature, Social Sciences, certain curricula in the Division of Fine and Practical Arts, and in mathematics.
2. Completion of twelve hours of English, twelve hours of mathematics and science, *twelve hours of foreign language, and not more than twenty hours of technical work.

III. SPECIAL REQUIREMENTS FOR BACHELOR OF SCIENCE DEGREE.

1. The major subject must be chosen from the Divisions of Science and Mathematics or from certain curricula in the division of Fine and Practical Arts.
2. Completion of **twenty-four hours in the Division of Science and Mathematics, twelve hours of English, twelve hours of social studies and ***twelve hours of foreign language.

IV. SPECIAL REQUIREMENTS FOR BACHELOR OF MUSIC DEGREE.

(See *School of Music*, page 117)

* Students who enter with two units in a foreign language may meet this requirement on taking only six additional hours of the language.

** Students taking secretarial science may be excused from part of the requirement.

*** Students taking the teacher training course in home economics may be excused from the foreign language requirement.

CURRICULA

For some time committees of the faculty have been making a study of the Curricula of the College and have made changes and suggested methods of reorganization in order to modernize all departments, giving consideration to both concentration and distribution. The reorganization includes a grouping of the departments into the following divisions as a basis for further study:

- I. FINE AND PRACTICAL ARTS, including art, home economics, music, physical education, and secretarial science.
- II. LANGUAGE AND LITERATURE, including English, foreign language, and speech.
- III. SCIENCE AND MATHEMATICS, including biology, physical science, and mathematics.
- IV. SOCIAL SCIENCE, including education; history, political science and geography; psychology and philosophy; religious education; and sociology and economics.

GENERAL PRINCIPLES UNDERLYING CHANGES

The changes in the curricula are being made in the light of certain fundamental principles in present day education, embracing the belief that the first two years of college work should be devoted largely, but not exclusively, to general or liberal education and the last two years mainly to the fields of concentration. This general or liberal education should acquaint the student with each of four or five broad fields; should aid in the acquisition of certain effective mental tools; should assist in adaptations to contemporary problems that are faced; and the work in its entirety should be directed toward establishing certain groups of attitudes and providing certain experiences rather than toward the mere acquisition of facts.

Candidates for the Liberal Arts degree should elect a major field at the end of the freshman year from the following: English, foreign language, history and political science, mathematics, sociology and economics, and speech. The candidate should submit with the approval of the professor in her major field a program of studies for the next three years that will provide for a minor field and such other related courses as will be needed in building a satisfactory program. Students may elect courses in applied music, composition or theory, but these courses shall not constitute a major or a minor. After the program of work has been planned it must be approved by the Dean.

The student should major in English and speech, the social sciences, or foreign languages. She may minor in any one of these three or in art, provided the restrictions on technical art courses be observed. There are enough electives to allow latitude in the selection of major and minor.

*The student interested in clothing may take Home Economics 250 and 350 instead of Home Economics 200.

This curriculum is designed particularly for students who desire training for positions as secretaries in business offices, but are unable to spend in preparation the amount of time necessary to secure a degree.

*The two-year curriculum in Secretarial Science will not be offered in 1940-41. No students are being admitted to the freshman year after September, 1938, or to the sophomore year after September, 1939.

For Education curricula, see Department of Education.

For Home Economics curricula, see School of Home Economics.

For Music curricula, see School of Music.

PART THREE

DEPARTMENTAL ANNOUNCEMENTS

ART

PROFESSOR KENNEDY; INSTRUCTORS ALLEN, CUNINGGIM

ART 100. CRAFTS.

An introduction to the study of crafts. Stress on appreciation of design through creative work. Problems deal with processes and designs suitable for the six basic craft materials,—clay, wood, rocks and minerals, fibers, reeds and rushes, and hides. *Credit, 1, 2, or 3 hours.*

MISS ALLEN

ART 111, 112. ART STRUCTURE.

A study of the structural elements of art: line, tone and color. Consideration of these in relation to architecture, painting and sculpture. Original problems, supplementary reading and discussion. *Credit, 3 hours each semester.*

MISS KENNEDY

ART 150. ART IN HOME ECONOMICS.

A study of the structural elements of art in relation to the home. Original problems, reading and discussion to develop appreciation rather than skill. *Credit, 3 hours.*

MISS ALLEN, MISS CUNINGGIM

ART 200. FREEHAND DRAWING.

A study of the rules of perspective and representation in pencil, pen and ink. *Credit, 1 hour.*

MISS KENNEDY

ART 201, 202. PAINTING.

A beginning study of color and form as used in painting. Progressive problems planned to develop the power of self-expression. Consideration is given watercolor in the first semester and oil in the second semester. *Credit, 2 hours each semester.*

MISS KENNEDY

ART 210. MECHANICAL DRAWING.

A study of working drawings, elevations and the use of drawing instruments. Problems deal with the execution of drawings for architectural and furniture design. Charts and lettering for science students. *Credit, 1 hour.*

MISS KENNEDY

ART 221, 222. COLOR.

A course designed for the development of appreciation and understanding of the use of color in everyday living. *Credit, 1 hour each semester.*

MISS ALLEN, MISS CUNINGGIM, MISS KENNEDY

ART 230. STAGE DESIGN.

A study of the structural elements of art in designing for the theatre. *Credit, 2 hours.* Miss ALLEN, Miss CUNINGGIM

ART 231, 232. INTERIOR DESIGN.

A study of house furnishing, considering the elements and principles of art structure applied to original problems. *Credit, 2 hours each semester.* Miss CUNINGGIM

ART 241, 242. POTTERY.

Designing and building pottery. Work with clay, glazes and firing. *Credit, 2 or 3 hours each semester.* Miss ALLEN

ART 251, 252. COSTUME DESIGN.

A study of costume design and fashion illustration. Lectures and original problems. *Credit, 2 hours each semester.* Miss CUNINGGIM

ART 260, 270. LETTERING.

A study of art structure applied to the alphabet and the printed page. Emphasis on layout for the poster, and appreciation of historical and modern lettering. *Credit, 2 hours each semester.* Miss CUNINGGIM

ART 300.1. THE TEACHING OF ART.

A study of the structural elements of art, as a foundation for teaching art in the elementary schools. *Credit, 2 hours.* Miss ALLEN

ART 301, 302. PAINTING.

A course to develop the individual inventiveness of the student. Work is planned on the basis of subject matter and medium of interest to the student. *Prerequisite: Art 201, 202. Credit, 2 or 3 hours each semester.* Miss KENNEDY

ART 311, 312. DESIGN.

A course dealing with creative design for industry and commerce. Original problems based on the principles of art structure. *Prerequisite: Art 112 or Art 150. Credit, 2 or 3 hours each semester.* Miss KENNEDY, Miss CUNINGGIM

ART 320. COMPOSITION.

A study of the principles of art structure in pictorial composition. Original problems, supplementary reading, and discussion. *Credit, 2 or 3 hours.* Miss KENNEDY

ART 321. HISTORY AND APPRECIATION OF ARCHITECTURE.

A survey of architectural design from prehistoric days through the present. Lectures, class discussions and outside reading. *Offered alternate years. (Not offered 1939-1940.) Credit, 2 or 3 hours.* Miss CUNINGGIM

ART 322. HISTORY AND APPRECIATION OF PAINTING.

A survey of painting from prehistoric days through the present. *Offered alternate years. (Not offered 1939-1940.) Credit, 2 hours.*
MISS CUNINGGIM

ART 330, 340. FIGURE DRAWING.

Sketching from the model in charcoal, pencil and paint. A study of the figure in pictorial composition. *Credit, 2 hours each semester.*
MISS KENNEDY

ART 341, 342. MODELING.

Modeling in the round: relief work, the use of moulds and glazes. *Credit, 2 or 3 hours each semester.*
MISS ALLEN

ART 350.1. METHODS OF TEACHING ART.

(See Education 350.1) *Prerequisite: Art 300.1 or the equivalent.*
Credit, 2 or 3 hours.
MISS ALLEN

ART 361. HISTORY AND APPRECIATION OF SCULPTURE.

A survey of sculpture from prehistoric days through present times. Lectures, class discussion and outside reading. *Offered alternate years.*
Credit, 2 hours.
MISS CUNINGGIM

ART 362. HISTORY AND APPRECIATION OF ORIENTAL ART.

A survey of the art of Asia. Lectures, class discussions and outside reading. *Offered alternate years. Credit, 2 hours.*
MISS CUNINGGIM

ART 371, 372. COMMERCIAL ART.

A course in composition and drawing, with study of the techniques in certain fields of commercial art such as advertising and fashion illustration. *Credit, 3 hours each semester.*
MISS KENNEDY

ART 400. THE ART WORKSHOP.

Students may do intensive work for short periods in any of the fields of art included in the regular courses. No previous training is required, but a student must have had business or teaching experience, or some acquaintance with art. Credit from 1 to 10 hours may be given toward a degree, depending upon the quality and quantity of the work.

MISS ALLEN, MISS CUNINGGIM, MISS KENNEDY

ART 410. THE ART WORKSHOP.

For senior majors and minors in art. Students must at some time during the year have an exhibition or demonstration open to the public. The work is on an individual basis, being selected from the fields of architecture, design, painting and sculpture. *Credit, 2 to 10 hours.*

MISS ALLEN, MISS CUNINGGIM, MISS KENNEDY

BIOLOGY

PROFESSOR SHARP; ASSOCIATE PROFESSOR BLACKISTON; ASSISTANT PROFESSOR BODEMANN.

BIOLOGY 101-102. SURVEY IN BIOLOGICAL SCIENCE.

The aim of this course is to teach biological principles and concepts rather than merely factual information. Plant and animal forms are treated in a comparative manner, with emphasis on function rather than structure. Such big topics as protoplasm, its organization into plant and animal bodies, nutrition, respiration, reproduction, evolution, genetics, and eugenics are considered, especially as they relate to man. *Designed only for students taking the Bachelor of Arts degree. Two lectures and one two-hour laboratory-demonstration period a week. Credit, 6 hours.*

MISS BODEMANN, MR. SHARP

BIOLOGY 201-202. GENERAL BIOLOGY.

This course deals very briefly during the first semester with a few representative forms of the four phyla of the plant kingdom; the cells, cell divisions, and functions of cells; the kind, structure, and uses of the root, stem, leaves, buds, fruits, and seeds; and a few animal forms representative of the invertebrate phyla, namely: Amoeba, Paramecium, Euglena, Hydra, Obelia, Gonionemus, Planaria, Ascaris, Earthworm, and an Arthropod. During the second semester, the frog and man are studied as representative of the vertebrates with special emphasis on the human body. Toward the end of the course some consideration is given genetics, evolution, practical aspects of biology, and the makers of biology. *Two lectures and one two-hour laboratory period a week. Credit, 6 hours.*

MISS BLACKISTON, MISS BODEMANN

BIOLOGY 211. ANATOMY.

Lectures on the structure of the organs and systems of the human body are supplemented with a first-hand study of the corresponding structures of the cat. The study of muscles is emphasized. *Required of all students with a major in physical education. Two lectures and three two-hour laboratory periods a week. Credit, 5 hours.*

MISS BLACKISTON

BIOLOGY 212. PHYSIOLOGY.

Lectures on the physiology of the human body are supplemented with the laboratory study of live material. Students are used as subjects when feasible. In other cases, lower animals such as frogs and terrapins are used. The phases of physiology needed most in physical education are stressed. *Two lectures and three two-hour laboratory periods a week. Credit, 5 hours.*

MISS BLACKISTON

BIOLOGY 221-222. GENERAL ZOOLOGY.

In this course emphasis is placed on laboratory study of various representative invertebrates with detailed study of one vertebrate type. Designed as a foundation course for students with a major in science. *One lecture and one two-hour laboratory period a week. Credit, 4 hours.*

MISS BODEMANN

BIOLOGY 231-232. GENERAL BOTANY.

Designed to teach the fundamental principles of botany. Protoplasm, the cell, the structure and functions of the various parts of a typical plant are first considered, followed by a study of representative types of thallophytes, bryophytes, pteridophytes, and spermatophytes. *One lecture and two two-hour laboratory periods a week. Credit, 6 hours.*

MR. SHARP

BIOLOGY 300. BACTERIOLOGY.

A study of the morphology, physiology, and cultivation of bacteria, yeast, and molds. Special consideration is given the relation of micro-organisms to the preservation, preparation, and handling of foods; their relations to water and milk supply and sewage disposal; and the organisms that cause disease occasionally found in various foods, water and milk. This course is designed for the needs of students taking home economics and for those desiring to know the fundamental principles of bacteriology and sanitation. *Three two-hour laboratory periods a week. Credit, 3 or 4 hours.*

MR. SHARP

BIOLOGY 340. BIOLOGY OF VERTEBRATES.

A lecture and laboratory study of the anatomy and physiology of representative vertebrates. *Two lectures and two two-hour laboratory periods a week. Offered alternate years. (Not offered 1939-1940.) Credit, 4 hours.*

MISS BODEMANN

BIOLOGY 350. FIELD BIOLOGY.

This course is offered for students preparing to teach in elementary schools and for all students with a major in biology preparing to teach in high school. It consists of a study of plants and animals in the field. Emphasis is placed on the study of birds, insects, local flora, and wild life in general. *One lecture and one two-hour laboratory period a week. Credit, 2 or 4 hours.*

MISS BLACKISTON

BIOLOGY 350.8. METHODS OF TEACHING SCIENCE.

(See Education 350.8.) *Credit, 3 hours.*

MISS BODEMANN

BIOLOGY 401, 402. PATHOGENIC BACTERIOLOGY AND LABORATORY METHODS.

This course begins with a study of the morphology, physiology, cultivation, and occurrence of bacteria. Culture media are prepared and bacteria isolated and identified. As soon as sufficient technique in the handling of non-pathogenic bacteria is acquired, a similar study of the principal disease-producing organisms is made. Rabbits are immunized and their sera are used in making agglutination and precipitation tests for identifying various types of bacteria. Animals are used to demonstrate immunity and susceptibility to various bacteria and their products. A complete laboratory examination is also made of water and milk. The second semester deals largely with pathogenic forms not considered in Biology 401 and with methods used in public health laboratories. Specimens of blood that are positive and negative for syphilis are obtained from the State Health Laboratory and the Wassermann and Kahn tests are used for identifying them. Other specimens are obtained from time to time and given to the students for identification. A study is made also of malarial and intestinal parasites, blood is typed, and red, white, and differential counts are made, urine is analyzed and slides from dogs' heads are examined for rabies. Designed especially to prepare students to assist dentists and doctors and to become technicians in hospitals and State Laboratories. *One lecture and three two-hour laboratory periods a week. Offered alternate years. Credit, 4 hours each semester.*

MR. SHARP

BIOLOGY 410. EMBRYOLOGY AND HISTOLOGY.

The first part of this course is devoted to a study of maturation and fertilization phenomena, cleavage, and establishment of the germ layers and their derivatives, with emphasis on the vertebrate types. It is followed by a study of the microscopic anatomy of a number of vertebrate tissues and organs. *One lecture and three two-hour laboratory periods a week. Offered alternate years. (Not offered 1939-1940.) Credit, 4 hours.*

MISS BODEMANN

BIOLOGY 430. EVOLUTION, GENETICS, AND EUGENICS.

In this course a study is made of the Mendelian laws of heredity, and problems involving them are worked out. The work of Dr. T. H. Morgan with *Drosophila* is carefully examined and the principles of heredity involved are noted. The hereditarian versus the environmental views are noted, the various theories of evolution are examined, and a survey is made of man in the Paleolithic and Neolithic ages. *Two lectures a week. Credit, 2 hours.*

MISS BLACKISTON

EDUCATION

PROFESSORS ORR, ANDERSON, RIDDLE; ASSOCIATE PROFESSOR LAWSON.

Teachers in other departments who cooperate by offering courses:

PROFESSORS BROWNFIELD, FARMER, GOULD, MCCALL, PIERSON, STECKEL, VAUGHAN, VICKERY; ASSOCIATE PROFESSORS CHAMBERLIN, FARRAH, HADLEY, KILDEA, STOCKTON; ASSISTANT PROFESSORS BODEMANN, BRASWELL, HENNING, TRACEY; INSTRUCTOR ALLEN.

Supervisors in the Training School:

MISS BARKER, MISS BARKSDALE, MISS BAUGH, MISS BEASLEY, MISS DUDLEY, MISS DUNN, MRS. HARDY, MISS HARRIS, MR. HICKS, MISS HOOD, MISS JONES, MISS MARTIN, MRS. NYBECK, MRS. PETERSON, MISS RICE, MISS SKELLY, MISS THOMAS, MISS THOMPSON, MR. TIDWELL, MISS TUTWILER, MISS UTTERBACK, MISS ANNE WALKER, MISS VINNIE LEE WALKER, MISS WEIR, MISS WELLS.

In training teachers for special fields the department of Education receives the cooperation of instructors of art, home economics, music, physical education, secretarial science, and speech.

The curriculum in preparing teachers for the elementary schools includes a course in administration and supervision. This work is provided through arrangements with the Shelby County Board of Education whereby the Department of Education supervises a group of county schools in the vicinity of the College. This procedure serves the County in supervision for its teachers, and the College in training elementary principals. Under a similar arrangement with the County Board of Education, a member of the Department of Education supervises the high schools of the county. This arrangement permits students who are preparing for high school teaching to supplement their work in the Training School by observation in other high schools of the county.

CURRICULA FOR TRAINING TEACHERS

Bachelor of Arts Degree in Elementary Education.

The College offers a curriculum leading to the Bachelor of Arts Degree with special preparation for teaching in the elementary schools. There is an increasing demand for teachers in the grades with four years of such training as is provided by this curriculum.

Bachelor of Arts and Bachelor of Science Degrees in Secondary Education.

Students desiring to teach in the secondary schools should follow these curricula and should choose their major and minor subjects by the end of their sophomore years. Since there are a number of electives in each curriculum, prospective teachers should select courses with a view to strengthening their teaching qualifications in their chosen fields.

Bachelor of Arts, Bachelor of Science, and Bachelor of Music Degrees in the Special Subjects.

Courses leading to degrees with training in special fields include art, home economics, music, physical education, secretarial science, and speech.

COURSES OF INSTRUCTION

EDUCATION 300. SCHOOL MANAGEMENT.

This course deals with the general classroom problems of the elementary teacher, including discipline, school records, school hygiene, etc. *Credit, 2 hours.* MISS LAWSON

EDUCATION 300.7. METHODS OF TEACHING HEALTH AND PHYSICAL EDUCATION IN THE ELEMENTARY SCHOOL.

Survey and discussion of the Health and Physical Education program for the elementary school with special emphasis on conditions in the elementary schools of Alabama. Directed observation in the Training School. *Credit, 2 hours.* MISS WALKER

EDUCATION 310. PRINCIPLES OF HIGH SCHOOL TEACHING.

A study of problems and procedures common to all high school teachers, such as class management, teaching techniques, discipline, motivation, tests and testing. Textbook, library readings, reports, and term paper. *Required of all applicants for the Secondary Professional Class B and Class C certificates, and all special certificates to teach in high school. Open to juniors and seniors. Credit, 3 hours.* MR. ORR, MR. RIDDLE

EDUCATION 311. METHODS OF TEACHING READING IN THE LOWER ELEMENTARY GRADES.

This course deals primarily with methods in the lower grades, but includes a discussion of reading in the upper grades. *Required of all students pursuing the Bachelor of Arts degree with training in elementary education preparatory to teaching in the lower grades. Credit, 2 hours.* TRAINING SCHOOL SUPERVISORS

EDUCATION 312. METHODS OF TEACHING SOCIAL SCIENCE IN LOWER ELEMENTARY GRADES.

This course deals with the entire field of social science in the first six grades. The project work in the lower grades is emphasized. *Required of all students pursuing the Bachelor of Arts degree with training in elementary education preparatory to teaching in the lower grades. Credit, 2 hours.* TRAINING SCHOOL SUPERVISORS

EDUCATION 320. PSYCHOLOGY OF SECONDARY EDUCATION.

A study of such topics as the laws of learning, reasoning and imagination, transfer of training, individual difference, and their effect on the learning of various high school subjects. Textbook, library readings, reports and term paper. *Required of all applicants for the Secondary Professional Class B and Class C certificates, and certain special certificates to teach in high school. Prerequisite: A course in general psychology. Open to juniors and seniors. Credit, 3 hours.* MR. RIDDLE

EDUCATION 321. METHODS OF TEACHING READING IN THE UPPER ELEMENTARY GRADES.

This course emphasizes the teaching of reading and literature in the upper grades, but includes also discussion of the teaching of reading in the lower grades. *Required of students pursuing the Bachelor of Arts degree with training in elementary education preparatory to teaching in the upper grades. Credit, 2 hours.* TRAINING SCHOOL SUPERVISORS

EDUCATION 322. METHODS OF TEACHING SOCIAL SCIENCE IN THE UPPER ELEMENTARY GRADES.

This course deals primarily with the teaching of history and geography in the upper grades. Discussion also of the teaching of social science in the lower grades. *Required of all students pursuing the Bachelor of Arts degree with training in elementary education preparatory to teaching in the upper grades. Credit, 2 hours.* TRAINING SCHOOL SUPERVISORS

EDUCATION 332. METHODS OF TEACHING ARITHMETIC AND PENMANSHIP IN THE LOWER ELEMENTARY GRADES.

This course deals largely with the teaching of numbers. The teaching of writing is considered. Arithmetic in the upper grades is discussed briefly. *Required of all students pursuing the Bachelor of Arts degree with training in elementary education preparatory to teaching in the lower grades. Credit, 2 hours.* MISS LAWSON

EDUCATION 342. METHODS OF TEACHING ARITHMETIC AND PENMANSHIP IN THE UPPER GRADES.

This course emphasizes the teaching of arithmetic in the upper grades. The teaching of penmanship and the teaching of number work in the lower grades are considered briefly. *Required of all students pursuing the Bachelor of Arts degree with training in elementary education preparatory to teaching in the upper grades. Credit, 2 hours.* MISS LAWSON

EDUCATION 350.1. METHODS OF TEACHING ART.

Prerequisite: Art 300.1 or the equivalent.

Section 1. For students pursuing the Bachelor of Arts degree with training in elementary education. *Credit, 2 hours.*

Section 2. For students with a major in art. Emphasis on teaching art in the secondary schools. *Credit, 3 hours.* MISS ALLEN

EDUCATION 350.2. METHODS OF TEACHING ENGLISH.

Required of all students pursuing the Bachelor of Arts degree with training in secondary education and with a major or a minor in English. Credit, 3 hours. MISS UTTERBACK

EDUCATION 350.3. METHODS OF TEACHING FOREIGN LANGUAGES.

Required of all students pursuing the Bachelor of Arts degree with training in secondary education and with a major or a minor in foreign languages. Credit, 3 hours.

MISS PIERSON, MR. REINKE, MISS STOCKTON

EDUCATION 350.4. METHODS OF TEACHING HISTORY.

Required of all students pursuing the Bachelor of Arts degree with training in secondary education and a major or a minor in history. Credit, 3 hours.

MISS FARMER

EDUCATION 350.5. METHODS OF TEACHING MATHEMATICS.

Required of all students pursuing the Bachelor of Arts degree with training in secondary education and with a major or a minor in mathematics. Credit, 3 hours.

MISS BRASWELL

EDUCATION 350.7. METHODS OF TEACHING HEALTH AND PHYSICAL EDUCATION IN THE SECONDARY SCHOOL.

Survey and discussion of health and physical education problems of the secondary school with special emphasis on the state high school program. Detailed study of the "State Course of Study in Health and Physical Education for Junior and Senior High School Girls," and the State Point System. TRAINING SCHOOL FOR TEACHERS

The College has a cooperative arrangement with the County Board of Education whereby the Montevallo Elementary, Junior High, and Senior High Schools serve as training schools for the Department of Education. A Kindergarten is a part of the elementary school. The State Course of Study and the State Adopted Textbooks are used in the training schools. The High School is accredited by both the State Department of Education and the Southern Association of Colleges and Secondary Schools. In each grade an experienced teacher is in charge of the practice teaching. The training schools offer observation, participation and teaching facilities for those preparing for elementary and secondary teaching and for teaching in such special fields as art, home economics, piano, public school music, violin, secretarial science, speech, and physical education. Only members of the College senior class are assigned to teaching in the training schools.

The course in methods should precede a student's teaching in the elementary school, but may be taken parallel. The course in methods of teaching a student's major and minor subjects should precede a student's teaching these subjects in high school, but may be taken parallel.

SPECIAL SERVICES

Extension Service. Among the services of the College conducted through the Education Department is the Extension Service, directed by Dr. M. L. Orr. At various centers over the state, extension courses are offered to teachers, club women, and others when requested by groups of sufficient size. Under certain conditions these courses carry college credit.

Upon request the Director of Extension will arrange for members of the regular faculty to render service as lecturers or musicians in various parts of the state.

Two field workers in parent education are on the staff of the School of Home Economics. They conduct study courses in child training and parent education in numbers of centers in Alabama.

Home Study Service. Alabama College Home Study Service, directed by Dr. J. I. Riddle, offers to the women's study clubs of the state, program outlines covering a year's work in some fifty or sixty fields. Along with the use of these outlines goes the loan of selected books, magazines, and reference works. This service is given without charge other than for postage on materials sent out. The various programs and readings available are described in a special bulletin sent upon request.

The Home Study office has also special outlines and programs which are of interest to parents and teachers. These programs cover aspects of child life, family life, and the relation between home and school. Many papers and articles by authorities in this field are available for use. Materials available for P.-T. A. groups are described in a special bulletin sent upon request.

For the benefit of those who cannot study on the campus, Alabama College through Home Study Service offers regular college credit courses by correspondence. These courses cover the same material and carry the same credit as if done in residence. A special bulletin describing correspondence courses is available on request.

Placement Bureau. The Placement Bureau, directed by Professor A. C. Anderson, serves students and former students of Alabama College without charge. Although the Placement Bureau concerns itself chiefly with supplying teachers to the schools of the state, it also collects information about those of its graduates who may be interested in other kinds of positions and furnishes this information to prospective employers upon request. Confidential information about each prospective employee is carefully collected by the Placement Bureau and made available only to employers. During recent years the Bureau has experienced little difficulty in placing graduates.

TEACHERS' CERTIFICATES

The Class B Secondary Professional Certificate, valid for eight years, may be issued to a graduate of the College who has completed the curriculum approved for the training of secondary teachers. This certificate, which may be continued for another period of eight years upon the completion of four years of successful, regular teaching experience during the eight years immediately preceding the date of lapse of the certificate, authorizes the holder to teach the subjects named in its face and other high school subjects as conditions may require.

The Class C Secondary Professional Certificate, valid for three years, may be issued to a graduate of the College who has completed certain prescribed courses of the curriculum approved for the training of secondary teachers. This certificate authorizes the holder to teach the subjects named in its face and other high school subjects as conditions may require.

The Class B Elementary Professional Certificate, valid for eight years, may be issued to a graduate of the College who has completed the curriculum outlined for the preparation of elementary teachers. This certificate, which may be continued for another period of eight years upon the completion of four years of successful, regular teaching experience during the eight years immediately preceding the date of lapse of the certificate, authorizes the holder to teach in grades one through six, or in junior high school as conditions may require.

The Class C Elementary Professional Certificate, valid for six years, may be issued to a student who has completed three years of the curriculum outlined for the preparation of elementary teachers. This certificate, which may be continued for another period of six years upon the completion of three years of successful, regular teaching experience during the six years immediately preceding the date of lapse of the certificate, authorizes the holder to teach in grades one through six, or in junior high school as conditions may require.

The Class B Special Professional Certificate, in a subject such as Piano, Public School Music, Violin, Band, and Orchestra, may be issued to a recent graduate of a standard institution the courses of which have been approved for the training of teachers of such special subjects, and who has a minimum of thirty semester hours of credit in the special subject in which the certificate is sought. This certificate, valid for eight years, may be continued for another period of eight years upon the completion of four years of successful, regular teaching experience during the eight years immediately preceding the date of lapse of the certificate.

MAJOR AND MINOR REQUIREMENTS

Students with a major in English who are candidates for either the A.B. Liberal Arts or the A.B. Secondary degree must elect a minimum of 15 hours in English in addition to the 12 hours required in all curricula for the freshman and sophomore years. This election must include at least one course in each of the following fields: (1) the history of English literature (330 or 370); (2) problems in American literature (481 or 482); (3) dramatic literature (451 or 452); (4) the English language (461 or 462). The special requirement for those with a minor in English is one course in each of any three of these fields. For those who are weak in use of the mother tongue an additional course in advanced English composition (360) may be required.

In the A.B. Elementary curriculum the special English requirement of 12 hours above the sophomore year includes one course each in the following: (1) literature for children (310); (2) American literature (320); (3) directed speech (212 or 340).

THE ENGLISH LABORATORY

All students, but particularly those in the freshman year, who are found to be poorly prepared in the fundamentals of English composition or reading comprehension may be asked to spend two hours each week in the English laboratory. There each student is given special drill adapted to her individual needs. During the progress of any course in the College a student found to be weak in the essentials of English may be recommended to the Laboratory by her instructor, or at the end of the term may be given a Laboratory Condition for the course. This condition can be removed only on recommendation of the Laboratory instructor.

HEALTH AND PHYSICAL EDUCATION

PROFESSOR McCALL; ASSOCIATE PROFESSOR SAYLOR; INSTRUCTORS CONN, LINDBERG, NOTESTINE; SUPERVISORS THOMAS, WALKER.

A sequence of courses for students not majoring in the department will be planned for those interested in taking more than the required eight hours in Health and Physical Education. Majors in biology and physical science may have a minor in the field by beginning work in the junior year.

The department offers a variety of activity courses planned to meet the needs and interests of all students. All freshmen enroll in the Freshman Orientation course, but other students may select the activities they wish in taking the remainder of the eight semester hours required. Students with a physical disability are assigned to special classes according to the individual needs.

The following is a list of the courses included in the activity program for majors and non-majors. Students take beginning, intermediate or advanced courses according to previous training or ability. Beginning and intermediate courses are a prerequisite to advanced courses in the field.

ACTIVITY COURSES OPEN TO MAJORS AND NON-MAJORS IN PHYSICAL EDUCATION

ARCHERY

MISS LINDBERG, MISS SAYLOR

Beginning: Fundamental techniques of the sport, including instruction in the care and upkeep of equipment. Beginners shoot from the thirty- and forty-yard ranges.

Intermediate: Fundamental techniques are reviewed, and students shoot Columbia Rounds: twenty-four arrows from the fifty-, forty- and thirty-yard ranges.

Advanced: Fundamental techniques are reviewed, and students shoot Columbia Rounds. A higher score is required of the advanced than of the intermediate archers.

BADMINTON

MISS CONN, MISS McCALL

Beginning: Instruction in the simple fundamentals of badminton including the forehand and backhand drives, the clear and the serve. The rules, etiquette and theory of playing a game are taught and practiced.

Advanced: Review of the fundamentals of the game with advanced instruction in the smash and drop shot. Emphasis on attainment of skill in all strokes. Consideration of court strategy and rules in both singles and doubles games.

BASEBALL

Miss McCall, Miss Saylor

Beginning: Instruction and practice in the fundamentals of baseball including catching, pitching, base running and team plays. Rules are stressed.

THE SCHOOL OF HOME ECONOMICS

FACULTY

PROFESSOR ACKERLEY, *Director*

ASSOCIATE PROFESSORS BLAZEK, EDDY, HADLEY; ASSISTANT PROFESSORS BICKHAM, COYLE*, KEMP, TOUCHSTONE; INSTRUCTORS HEAP, McCORMACK**, MARTIN, NYBECK, THOMPSON; ASSISTANT SUPERVISORS CALHOUN†, HAYLEY, PATE; CONSULTANTS IN FAMILY LIFE EDUCATION, BICKLER, PALMER.

The School of Home Economics offers three major curricula which may be adjusted to prepare a student to enter vocational home economics education, institution economics, and retail economics.

In the vocational home economics education curriculum, which has been approved by the State Department of Education, each student is required to have a major home project, planned and reported under faculty supervision. Students satisfactorily completing this curriculum are qualified to teach vocational home economics in the high schools of Alabama. Since 1932, vocational certificates have been issued to students completing this curriculum who, in addition, have done a minimum of six weeks of directed teaching in an approved high school vocational class and submitted a record of two years of approved high school vocational class and submitted a record of two years of approved home-making experience. This home-making experience may be secured in short periods throughout the year, such as during vacations.

A student who does not meet the requirements of vocational experience may qualify for a Secondary Professional Class B Certificate by taking the necessary courses in Education. This certificate entitles the holder to teach general home economics and any other subject in which she has twelve semester hours of college credit.

The institution economics curriculum prepares for dietetic training in hospitals, recognized by the American Dietetic Association, in which the term of training varies from nine months to one year. This curriculum also provides training in food administration work in colleges, school lunchrooms, commercial cafeterias, tearooms, and club houses. Supervised experience is provided through the college food department and the Montevallo public school lunchroom. By careful choice of electives, conducting a major home project, and attendance at one summer school session after meeting the requirements of this curriculum, a student may also meet the requirements of the vocational home economics education curriculum.

*On leave of absence 1938-1939.

**On leave of absence second semester.

†Appointed for second semester.

The retail economics curriculum offers training for those interested in department store opportunities. The personnel of progressive department stores includes sales people, shoppers, buyers, assistant buyers, and stylists. This curriculum offers courses that give the necessary background for this work and also provides supervised experience in a leading department store. Only a selected number of those with a major in home economics are permitted to enroll in this curriculum, which also provides fundamental training for costume designing and interior decoration. By careful choice of electives, conducting a major home project, and attendance at one summer school session after meeting the requirements of this curriculum, a student may also meet the requirements of the vocational home economics education curriculum.

Other vocational fields open to home economics trained women, as provided by the curricula of the College, include cooperative extension, social service, commercial home economics demonstration, and home economics journalism.

The Nursery School furnishes college students and parents of the nursery school children opportunity for observing the interests and responses of little children in their various activities as well as for assisting in the nursery school program.

Closely related to this program in child development is the State-wide Parent Education Program which is carried on in cooperation with the State Department of Education. Two full-time field workers in parent education are engaged in conducting parent education classes in selected communities of the state.

A study of the buying of textiles and clothing. In textile study, emphasis is placed on the texture and durability as affected by fiber, yarn, weave, finish and dye. In clothing study, emphasis is placed on the buying of underwear, hosiery, gloves, coats, men's and boys' clothing. *Required of all home economics majors who are taking retailing unless home economics 250 and 350 are elected. Credit, 3 hours.*

MISS EDDY, MISS TOUCHSTONE

HOME ECONOMICS 250. TEXTILE STUDY AND CLOTHING CONSTRUCTION.

A study of textile fibers, yarn, weave, finishes, dyeing and durability of textile fabrics. Selection and construction of cotton or linen sports dress; emphasis on standards of construction, fitting and design. Study of hygiene, design and cost of clothing suitable for the infant and pre-school child. Construction of a boy's suit. *Prerequisite: Home Economics 101 and 102. Credit, 3 hours.*

MISS TOUCHSTONE

HOME ECONOMICS 252. PERSONAL PROBLEMS IN CLOTHING.

A non-technical course in clothing open to students not majoring in

home economics. A brief study of the textile fibers, dyeing, and finishing. Adaptation and use of commercial patterns. A study of color, proportion, and line in relation to the individual. Construction of two dresses. *No prerequisite. Credit, 2 or 3 hours.* MISS KEMP

HOME ECONOMICS 350. TEXTILE AND CLOTHING SELECTION, PATTERN CONSTRUCTION.

Study of the selection of underwear, hose, gloves, coats, men's and boys' clothing. Original patterns developed from a foundation pattern and used in the construction of silk and wool dresses and suits. *Prerequisite: Home Economics 250. Credit, 3 hours.* MISS EDDY

HOME ECONOMICS 360. LABORATORY EXPERIENCE IN SELLING.

A course open to juniors who wish to gain experience in a department store. A number of Saturdays and vacation days will be spent working in a Birmingham department store subject to the approval of the store and the School of Home Economics. *Credit, 1 hour.* MISS EDDY

HOME ECONOMICS 362. HISTORY OF COSTUME, TEXTILES, AND ALLIED DECORATIVE ARTS.

A survey of the history of costume and textiles with emphasis upon the characteristics of each age and the interchange of designs, symbols, and techniques. When closely related, ceramics and illuminated manuscripts of the period will be included. *Required of all Home Economics retailing students. Prerequisite: Six hours of history. Credit, 3 hours.* MISS EDDY

HOME ECONOMICS 451. RETAIL MERCHANDISING.

Study of retailing with special emphasis on department store organization and policies, the store and the community, and training for retailing. *Prerequisite: Senior standing in home economics. Credit, 5 hours.* MISS EDDY

HOME ECONOMICS 452. ADVANCED CLOTHING DESIGN.

Construction of a tight-fitted lining as a foundation for modeling without a pattern. Draping of cotton and silk or rayon garments. Study of straight, gored, circular and draped silhouettes, of sleeves, yokes, and intricately cut garments. *Prerequisite: Home Economics 250. Credit, 2 or 3 hours.* MISS EDDY

HOME ECONOMICS 461. SUPERVISED EXPERIENCE IN DEPARTMENT STORES.

Prerequisite: Home Economics 360. Credit, 5 hours. MISS EDDY

HOME ECONOMICS 462. TEXTILE ECONOMICS.

Study of the textile and clothing trades. The economic and social significance of fashion, styling, and standardization on the merchandising of textiles and other commodities. *Prerequisite: Economics 350; Home*

Economics 250 and 350, or Home Economics 200. Credit, 3 hours.
(Not offered 1939-1940.) Miss EDDY

FOODS AND NUTRITION

HOME ECONOMICS 270. FOOD STUDY.

A study of foods; standard recipes; standard methods of cookery in relation to flavor, color, texture, food values, combinations; service and cost in relation to occasion and season; production and preservation. *Prerequisite or parallel: Home Economics 101; Chemistry 231. Credit, 3 hours.* Miss HEAP

HOME ECONOMICS 272. FOOD AND ITS PREPARATION.

A non-technical course open to students not majoring in home economics. A study of standard methods of cookery, individual nutrition requirements, selection of food in relation to needs and cost. *No prerequisite. Credit, 2 hours.* Miss KEMP

HOME ECONOMICS 300. FEEDING THE FAMILY.

A study of the nutritional needs of individual members of the family; planning adequate meals; purchasing food. *Credit, 2 hours.* Miss BLAZEK

HOME ECONOMICS 370. MEAL STUDY.

A study of menu planning for the family, stressing food selection and nutrition, organization of work; purchase and cost of food; meal preparation, and table service. *Prerequisite: Home Economics 270; Physical Science 232. Credit, 3 hours.* Miss BLAZEK

HOME ECONOMICS 372. ADVANCED MEAL STUDY.

This course includes the serving of special meals such as dinners, school lunches, teas, parties and banquets, and choice of appropriate decoration and entertainment for the various occasions. Emphasis on organization and cost of large quantity preparation and service. *Prerequisite: Home Economics 370. Credit, 3 hours.* Miss BLAZEK

HOME ECONOMICS 380. NUTRITION AND DIETETICS.

A study of the processes involved in the utilization of food by the body and of the nutritional needs of different members of the family group. *Prerequisite: Biology 202; Physical Science 231. Credit, 3 hours.* Miss BLAZEK

HOME ECONOMICS 382. INSTITUTION ADMINISTRATION.

The organization of administrative work in cafeterias, lunch rooms, tea rooms, and hospitals. A study of the physical equipment, working force, menus, markets and marketing conditions, food purchasing, and accounts. One semester hour's work in the College kitchen and high school cafeteria. *Prerequisite: Second semester junior standing in institution economics. Credit, 3 hours.* Miss BLAZEK

HOME ECONOMICS 470. INVESTIGATIONS IN COOKERY.

Study of factors affecting standard products, including ingredients, proportions, methods, temperatures, utensils, and appliances. *Prerequisites: Senior standing; Home Economics 380; Physical Science 340. Credit, 2 or 3 hours.* MISS HEAP

HOME ECONOMICS 471. FOOD ECONOMICS.

The study of market conditions and marketing; legislation pertaining to foodstuffs; food production and consumption; the purchasing of canned foods, package foods, staples, fresh fruits and vegetables, meats and daily products as to quality, cost, and use. *Prerequisite or parallel: Economics 350 or equivalent. Credit, 2 hours.* MISS BLAZEY

HOME ECONOMICS 480. READINGS IN NUTRITION.

A study of recent nutrition investigations and research. *Prerequisites: Senior standing; Home Economics 380. Credit, 1 hour.* MISS HEAP

HOME ECONOMICS 482. ADVANCED NUTRITION AND DIETETICS.

A study of the dietary needs of special normal cases and of certain abnormal cases. An average of C in home economics is required for enrollment in the course. *Prerequisites: Home Economics 380; senior standing in home economics. Credit, 3 hours.* MISS BLAZEY

VOCATIONAL HOME ECONOMICS EDUCATION

HOME ECONOMICS 390. METHODS OF TEACHING HOME ECONOMICS IN HIGH SCHOOLS.

A study of the basic philosophy and objectives of home economics, its contribution to general education and vocational education; principles of learning applied to teaching home economics in high school; personal development of the home economics teacher. Includes directed observation in high school. *Prerequisite: Junior standing in home economics. Credit, 3 hours.* MISS HADLEY

HOME ECONOMICS 490. SUPERVISED OBSERVATION AND TEACHING IN VOCATIONAL OR JUNIOR HIGH SCHOOL CLASSES.

An average of C in home economics is required to do student teaching. Prerequisite: Home Economics 390; senior standing in home economics. Credit, 5 hours.

MISS HADLEY, MISS MARTIN, MISS MCCORMACK, MRS. NYBECK, MISS THOMPSON

HOME ECONOMICS 492. VOCATIONAL EDUCATION IN HOME ECONOMICS.

A study of the national and state programs for vocational education and their relation to the home economics program with special emphasis on the Alabama vocational home economics program. *Prerequisite: Home Economics 490. Credit, 3 hours.* MISS HADLEY

MATHEMATICS

PROFESSOR JACKSON; ASSISTANT PROFESSOR BRASWELL.

MATHEMATICS A. REVIEW OF PRE-COLLEGE MATHEMATICS.

A course providing drill in certain fundamentals of arithmetic and algebra, particularly those needed for courses in science and college mathematics. *Designed for freshmen who are found to be poorly prepared in mathematics. One hour a week, one semester. No credit toward a degree.*

MISS BRASWELL, MISS JACKSON

MATHEMATICS 101, 102. A SURVEY COURSE IN COLLEGE MATHEMATICS.

A study of certain fundamental notions of college algebra, trigonometry, analytic geometry and calculus, with the function concept as an integrating idea underlying the whole course. Emphasis on the applications of mathematics, particularly in the physical sciences. *Designed for students who plan to major or minor in mathematics, but elective for others. Credit, 3 hours each semester.*

MISS BRASWELL

MATHEMATICS 111, 112. A SURVEY COURSE IN COLLEGE MATHEMATICS.

A course similar to Mathematics 101, 102, but adapted especially for students who elect freshman mathematics without intending to have a major or a minor in the subject. *Credit, 3 hours each semester.*

MISS JACKSON

MATHEMATICS 162. SOLID GEOMETRY.

An elective for students who do not offer entrance credit in solid geometry. *Offered alternate years. Credit, 2 hours.*

MISS JACKSON

MATHEMATICS 201, 202. ANALYTIC GEOMETRY.

A continuation of coordinate geometry, begun in Mathematics 101, 102, with special emphasis on the conic sections and the general equation of the second degree. *Required of students with a major or a minor in mathematics. Credit, 3 hours each semester.*

MISS BRASWELL

MATHEMATICS 221, 222. THE MATHEMATICS OF FINANCE.

A study of the mathematics needed to cope intelligently with problems of investment, such as simple and compound interest, annuities, bonds, sinking funds, life insurance, and other problems of modern finance. An elective for students who have completed six hours of college mathematics. Especially recommended for those with a major in mathematics, sociology or secretarial science. *Offered in alternate years. (Not offered 1939-1940.) Credit, 2 hours each semester.*

MISS JACKSON

MATHEMATICS 301, 302. DIFFERENTIAL AND INTEGRAL CALCULUS.

The usual topics included in a first course in the calculus are treated, such as functions, limits, the derivative, with its applications as the slope of the curve, and as the rate of change of a function, maxima and minima, infinitesimals; differentials; the indefinite integral, and the definite integral with applications to geometry and physics. *Required of students with a major or minor in mathematics. Credit, 3 hours each semester.*

MISS JACKSON

MATHEMATICS 350.5. METHODS OF TEACHING MATHEMATICS.

(See Education 350.5.) *Credit, 3 hours.*

MISS BRASWELL

MATHEMATICS 352. COLLEGE GEOMETRY.

A modern extension of Euclidean geometry, closely related to high school geometry, but dealing with new material. Some of the topics studied are: Geometric construction, properties of the triangle, theorems of Menelaus and Ceva, and harmonic properties of circles. An excellent preparation for the teaching of secondary school geometry. *Offered alternate years. (Not offered 1939-1940.) Credit, 3 hours.*

MISS BRASWELL

MATHEMATICS 362. HISTORY OF MATHEMATICS.

This course is especially planned to give students with a major or minor in mathematics a survey of the historical development of the elementary branches,—arithmetic, algebra, geometry, and trigonometry, and the beginnings of analytic geometry and calculus—from early times to the present. Lectures, discussions, and required readings. *Offered alternate years. Credit, 2 hours.*

MISS BRASWELL

MATHEMATICS 421. PROJECTIVE GEOMETRY.

An introductory course in modern synthetic projective geometry. An elective for students with a major in mathematics. *Offered alternate years. Credit, 2 hours.*

MISS JACKSON

MATHEMATICS 451. ADVANCED ALGEBRA.

The greater part of this course is devoted to the theory of equations. Other topics included are: determinants; complex numbers; permutations, combinations and probability; infinite series. *Required of students with a major in mathematics. Credit, 3 hours.*

MISS JACKSON

MATHEMATICS 452. DIFFERENTIAL EQUATIONS.

An elementary course dealing with methods of solving ordinary differential equations of the first and second orders, with some applications to geometry and physics. *Required of students with a major in mathematics. Credit, 3 hours.*

MISS JACKSON

THE SCHOOL OF MUSIC

FACULTY

PROFESSOR LEBARON, *Director*

PROFESSOR ZIOLKOWSKI; ASSOCIATE PROFESSORS CHAMBERLIN, FARRAH, KILDEA, WINER; ASSISTANT PROFESSOR STROM.

The School of Music is a member of the National Association of Schools of Music, and the requirements for entrance and for graduation conform to the regulations of that association. The general requirements for admission to the School of Music are the same as the requirements for admission to the College.

ORGANIZATION OF CURRICULA

The curricula in music are organized for professional and for cultural training under the Bachelor of Music degree. The first two years of all curricula leading to this degree are the same, and the decision as to the field of concentration need not be made until the end of the sophomore year.

Students taking work toward the Bachelor of Arts degree and desiring courses in music should pursue the regular Liberal Arts curriculum and take the music courses as electives. Such work may be in applied music or in music theory and appreciation. Not more than twenty semester hours of applied music may be taken. This curriculum does not lead to a certificate to teach.

THE BACHELOR OF MUSIC DEGREE

The Bachelor of Music degree is awarded on completion of the general theoretical and academic requirements with a major in which the required degree of advancement in applied music has been met.

The curricula leading to the Bachelor of Music degree are outlined on pages 122 to 126 of this catalog. Students may major in composition, organ, piano, violin, voice, or school music. The first two years of each of these curricula are the same and are devoted to the basic essentials in music.

Students who major in applied music may prepare either for solo performance or for teaching, but performance in the major subject must be of the same degree of advancement for both solo majors and those preparing to teach, and performance in minor subjects must reach a specified standard. The teacher-training curricula in piano, violin and voice are designed to anticipate the needs of beginning teachers.

The major in School Music is designed to approach all phases of music as they are presented in both the elementary and secondary school. Piano

and voice must be pursued with the major emphasis depending upon the needs of the individual student.

SPECIAL ENTRANCE STANDARDS

The candidate for admission to freshman standing in music must meet specific entrance requirements. The student failing to meet these standards will be classified tentatively as a freshman, but if upon examination by a faculty board of examiners at the end of the first year she has not removed successfully the deficiency and fulfilled the curriculum requirements of the year she cannot be ranked unconditionally as a sophomore. In such a case the student should remove the deficiency by attending a summer session. The faculty committee will act in an advisory capacity during the sophomore year and final classification will be withheld until the end of that year.

Specific entrance requirements are as follows:

Organ: The student in the Bachelor of Music course who expects to qualify for the State Teachers Certificate in Piano may not start organ study until the Piano Examination No. IV has been passed. Others may register with the permission of the instructor.

Piano: She should play all major and minor scales correctly in moderate tempo, also broken chords in octave position in all keys. She should have studied some of the standard etudes, such as Czerny, Op. 299, Book I; Heller, Op. 47 and 46 (according to the individual needs of the pupil); Bach, Little Preludes; a few Bach two-part Inventions and compositions corresponding in difficulty to:

Haydn, Sonata No. II, G major No. 20 (Schirmer)

Mozart, Sonata C major No. 3, F major No. 13 (Schirmer)

Beethoven, Variations on Nel cor Piu, Sonata Op. 49, No. I

Schubert, Impromptu Op. 142, No. 2, etc.

Violin: The student should have an elementary knowledge of the piano-forte. She should have the ability to perform etudes of the difficulty of the Kreutzer Etudes, Nos. 1 to 32, and works of the difficulty of the Viotti Concerts, No. 23, the de Beriot concertos, Nos. 7 and 9, and the Tartini G minor sonata.

Voice: The student must have accurate sense of pitch and musical intelligence. Previous study is not a prerequisite. If she does not have some knowledge of piano this deficiency must be removed.

REQUIREMENTS FOR GRADUATION

The Bachelor of Music degree is conferred upon all students who successfully complete the requirements as outlined in a curriculum. The curricula, in the fields offered, are so planned as to permit the student

to complete the requirements during four years. In cases of irregularity the deficiency can usually be removed by work done in summer session.

THEORETICAL SUBJECTS

In theoretical subjects the student must reach the required degrees of advancement in the regular prescribed courses.

Composition. The student taking Composition 401-402 with its prerequisites and demonstrating a performing musicianship of senior advancement is considered as having a major in composition. A second instrument or voice may be studied, dividing the time assigned to applied music.

APPLIED MUSIC

Organ. The candidate for graduation in organ should have acquired the ability to read moderately difficult anthem accompaniments at sight. She should have demonstrated her ability to play a church service including solo accompaniment. Her repertory should include examples of classic and modern writing. She should have laid the foundation for transposition at sight, open score reading and improvisation.

Piano. The candidate for graduation in piano must have passed the prescribed technical examination in scales, arpeggios, chords, octaves, and double notes. She must have a repertory comprising the principal classic, romantic and modern compositions which should include such works as:

Bach, Chromatic Fantasia and Fugue, Tausig, Liszt, D'Albert

Brahms, Rhapsodie B minor, Sonata F minor

Beethoven, sonatas and a concerto

Chopin, ballades, polonaises, fantasies, barcaroles, scherzi, etudes, preludes, and a concerto

Liszt, rhapsodies, transcriptions, a concerto

Schumann, Sonata G minor, Faschings-Schwank, Carnival, Concerto

Compositions by standard American and foreign modern composers.

Violin. The candidate for graduation in violin should show an adequate technical grounding in scales, arpeggios, bowing, and phrasing, and the ability to perform works of the difficulty of the Mendelssohn's E minor concerto, and the Bruch G minor or Spohr No. 8. During the four-year course the student must have at least two years of practical orchestral experience and two years of ensemble. She must have studied the viola sufficiently to enable her to play it in ensemble. She should further demonstrate ability to do sight reading and should be able to sight read simple piano accompaniments. An examination in piano sight reading is required in the sophomore year and if the necessary ability is not evident piano study is required.

Voice. The candidate for graduation should demonstrate the ability to sing the more difficult arias of opera and oratorio in English and in two foreign languages, a knowledge of recitative in both the free and measured forms, a knowledge of the general song literature, and the ability to give a creditable recital. The repertory for immediate use should consist of at least four operatic arias, four oratorio arias, twenty classic and twenty standard modern songs. The voice major must have two years' experience in ensemble singing and have completed sufficient piano study to enable her to play accompaniments of average difficulty. An examination in piano sight reading is required in the sophomore year, and if the necessary ability is not evident piano study is required.

School Music. The candidate for graduation in school music must meet certain standards of achievement in piano, voice and wind and string pedagogy. Emphasis in assigning applied music hours will be determined by the student's needs and aptitudes. Examination IV in piano is required, and Examination IV in voice approximates requirements in that field.

EXAMINATIONS

A comprehensive examination before the faculty committee is required at the end of the sophomore year

- (1) To determine whether students in the Bachelor of Music curricula have reached the sophomore level.
- (2) To aid in choosing the field of concentration for which students are best qualified.

The technical part of the examination is first heard by the recorder, who certifies the student to be ready for the faculty committee. The first examination is with the recorder and teacher; all others are with the faculty committee or staff.

SCHEDULE OF WORK

The normal amount of work each semester for a student is seventeen hours, including one hour of physical education. The minimum requirements for four years are 128 semester hours plus eight hours of physical education. A student taking more than seventeen hours must have the approval of the Director and the Dean of the College.

RECITAL

A full recital is required of all students with a solo major in instrumental and vocal subjects. Students with a major in composition, while meeting the same applied music standards as do those with a major in

instrumental subjects, are not required to prepare graduate recitals but must submit a composition of senior standing ready to be performed in public recital.

The curriculum for training teachers in piano does not necessarily require a full public recital, but the record must show an established minimum of public work; that is, one public performance in the freshman year, two in the sophomore year, three in the junior year, and four in the senior year. Attendance at the recital class is required of all students with a major in music.

STATE TEACHERS' CERTIFICATE

Students desiring a state teachers' certificate in any applied subject except voice must meet the minimum requirement of the sophomore examination in the subject in which certification is desired. Those desiring a certificate to teach voice must show four years of voice study and must have completed Diction 301 and 302.

Speech Clinic. Clinical work in the correction of speech defects under the guidance of an instructor trained in the field of speech correction is available to all students of the college. Corrective work is offered in stuttering, lipping, and allied sound substitutions, and in other major speech difficulties. Voice recording, corrective exercises, and individual attention are provided for all who enroll. A small fee is charged. No credit is given toward graduation.

Recitals, Group Experience. Each student in speech appears in recital, thus making practical use of the class and individual instruction in methods of pleasing and holding an audience, and also gaining confidence for later public appearances. In addition to the general recitals, juniors give a joint spring recital, and each senior appears in an individual, full evening program. Group experience is provided by the Speech Chorus, membership in which requires a good voice and interpretative ability. Students interested in the theatre may participate in the Play Workshop, where original plays, skits and unpublished material are presented. The College Theatre offers talented students the experience of practical application of theory, technique and practice in speech.
